### Girls Arrive Today For Paltz Sessions

Girls from every county in New York State are arriving today at the New Paltz State Teachers College campus for the 19th annual Empire Girls State, sponsored by the American Legion Auxiliary.

The 275 girls, all high school juniors, will participate in informative meetings on government and recreational activities throughout the week. Final session will be held Friday, June 27, with inauguration of the girl chosen as governor of Girls State.

### New Peak For Living During May Prospect Is Seen For Further Hike In Summer Months

WASHINGTON (AP)—Living costs hit a new peak in May.

Small rises in prices for practically all types of consumer goods lifted the Labor Department's cost index one-tenth of one percent from the April level.

At 124 per cent of the 1947-49 base period, the index was the highest it has ever reached.

And the prospect is for a further small increase during the summer months.

In reporting the figures today, the Labor Department said spendable earnings of factory workers, meaning their pay after federal tax deductions, also hit a record.

The average for the factory worker heading a family of four was \$81.03 a week. It was \$73.49 for the single factory worker.

These earnings each were 35 cents higher than the record set in April.

The department said the rise in spendable earnings was due both to longer working hours and higher pay rates.

**Buying Power Up**

The buying power of the worker is up about 9 per cent from a year ago because living costs have changed very little since then.

H. E. Riley, price chief for the department's Bureau of Labor Statistics, said, the living cost index has been moving within an extremely narrow range for a year. The May index was only three-tenths of one per cent above the May 1958 level.

But Riley said that while he would call the level of living costs stable, the index probably will continue to rise during the summer months if food costs increase as they usually do up until the fall harvest.

**Fractional Increases**

In May, fractional increases were recorded for food, housing, clothing, medical care and personal care.

Approximately 100,000 aircraft workers will get a penny an hour pay boost based on the May index. The workers are employed at the Fairchild, Hughes, Martin and North American aircraft manufacturing companies.

Riley said the May increase was nothing more than a seasonal change. He noted that living costs declined only once between April and May since 1947.

Food prices rose in May by one-tenth of one per cent. They had declined in eight of the nine previous months.

**YMCA Day Camp Delays Opening**

The YMCA Day Camp opening scheduled for Monday has been postponed for a week to June 29, Camp Director Louis H. Schafer said today.

The inclement weather and the coolness of the lake water are the main reasons for the postponement, he said. Most of the new camp development is on schedule and additional facilities should be installed and ready for the opening day.

**Empire State Day Plans Include Parade, Luncheon**

Preliminary plans for a giant parade here on "Empire State Day," Sept. 12th were made Thursday night by the executive committee of the Kingston Chamber of Commerce.

John Ray Mayone of Kingston will serve as general chairman of the parade which will be one of the major highlights of Kingston's participation in New York's Year of History.

The date coincides with the date Henry Hudson explored the Hudson River in 1609, and all of the events which took place here in 1777, leading to the creation and establishment of our New York State Government.

All area institutions and organizations are invited to enter floats, make arrangements for musical units to participate and enter marching units. Mayone said that he anticipates that this will be the largest parade, and witnessed by more people, than any parade ever held in Kingston.

Numerous special cups, plaques, medals and scrolls will be awarded for various classes of floats in the parade. Additional details will be announced later. The three major float prizes will be for the best historical float, the most novel and the most beautiful float in the parade.

Plans for "Empire State Day" on September 12 include a luncheon attended by Governor Nelson A. Rockefeller and many other officials. It is also planned to unveil Governor Rockefeller's letter and photograph as it is added to the Parker Governor's Collection in the Senate House Museum.

The parade will assemble in the area between the Strand and Delaware Avenue adjacent to Broadway, and disband in the Dietz Memorial Stadium. Starting time has been set for 2:30 p. m.

The parade will be held the following day, Sunday, Sept. 13, in case of rain. The headquarters for parade information will be in the office of the Kingston Area Chamber of Commerce.

**BOYS STATE SELECTEES HONORED**

Ten Ulster County Boys State selectees and one alternate were guests of honor at the annual alternate reception and dinner sponsored by Ulster County American Legion Thursday night at Broglie's 10 different Legion Posts selectees, representing 10 different Legion Posts in the county, leave Sunday morning by bus to attend the 1959 Boys State week-long sessions at Colgate University, Hamilton.

## Retirement Is Now 65 For Police

### Board Considers Three Applicants For Two Vacancies

Three applicants for filling two police department vacancies on a provisional basis are being considered, Mayor Edwin F. Radel said today.

They were discussed Thursday night at a meeting of the police board which also made a bid for longer effectiveness of civil service eligibility lists for possible promotional appointments to the ranks of sergeant and lieutenant, and for an examination to establish a new list for appointment of patrolmen.

**Exceptions Possible**

It was decided to reduce the retirement age of department personnel from 70 to 65 years with the board empowered to make discretionary exceptions in the "best interests of the city or the department."

Further action is to be taken, the mayor said, toward use of uniforms of a shoulder patch that would bear either the city or state seal design. Cost estimates will be obtained.

Two special officers are to be appointed, one to fill the vacancy left by the death last month of Officer James F. Burns, and the other to name a temporary successor to Edward J. Ortlich, who entered military service earlier in the year.

**No Eligibility List**

The department lacks an eligibility list from which to make permanent appointments. The last list with 26 names was exhausted at the past year.

The list for possible appointment of sergeants contains the names of officers Bernard Fowles and William Snyder. That for possible naming of another lieutenant lists only the name of Sgt. Francis J. Fagan.

The board requested that the promotional eligibility list remain effective for at least another year.

Applicants for appointment as special patrolmen are to be interviewed.

**Delegates From County**

Ulster County representatives are: Margaret Mary Gaffney. (Continued on Page 6, Col. 6)

## State Road Toll Through May Is Highest Since '53

ALBANY, N. Y. (AP)—Highway accidents killed 803 persons in New York State during the first five months of the year. It was the highest total for that period in six years.

The toll from January to May 1953 was 806. The total in the same period last year was 785. Highway deaths in the state last month totaled 183.

## Hurley Opposes School Bus Plan; Only One Dissents

Approximately 50 residents of Hurley attended a meeting at Hurley school Thursday night to organize a group to protest the limitation of school bus service to students of that area.

Under a resolution adopted by the Kingston Consolidated Area board of education school bus service will be provided elementary school children living more than a mile from school, and also junior and senior students living more than two miles from the school.

This action is being protested by parents with children who live less than the prescribed distance who are required to travel over heavily traveled roads in dangerous areas.

**Committee Is Named**

At the meeting last evening, the Hurley group named a committee of seven headed by Dr. Harry McNamara with Harry Skerrett as vice-chairman. Other members of the committee are Mrs. Charles Gobel, Arthur Carr, 2nd, Siebe Schaaf, David Boyne and Lester Frost.

The group also considered appointment of a "watch-dog" committee to keep an eye on other school matters in addition to the transportation problem.

There was only one who expressed opposition to the action taken by the Hurley group.

Attending the meeting was Benson Krom, a member of the Kingston Area Board of Education, who presented the facts in regard to the action of the board of education. Ernest Myer, principal teacher at the Hurley School, also attended and answered questions in regard to transportation in the Hurley area.

**Would Mean Similar Relief**

Krom pointed out that if the Hurley group was to receive the relief sought, it would mean that other areas including Kingston would also be entitled to the same relief.

The committee of seven will meet with similar committees named from Port Ewen, Lake Katrine and the Chambers School. A general meeting will be held on Monday, June 22, at 8 p. m. at the Port Ewen town hall in Port Ewen. A proposed plan of the group will be drafted, indicating their idea as to who should be given bus service.

The committee will seek legal assistance in the matter. The group plans to present their proposal to the Transportation Committee of the Kingston Area Consolidated District and if that (Continued on Page 8, Col. 7)

**Macmillan Ready For West Summit**

LONDON (AP)—Prime Minister Harold Macmillan today was reported ready to fly to Washington or Paris for a Western summit meeting if the foreign ministers return empty handed from Geneva.

His plan would be to thrash out with President Eisenhower, President Charles de Gaulle of France, and possibly Chancellor Konrad Adenauer of West Germany the West's next move in negotiations with the Soviet Union.

**Rosendale Going To Polls July 14 on Dissolution Vote**

A date has been set for the special referendum at which residents of Rosendale will express their opinion on dissolution of the village of Rosendale. The date set by the village board is Tuesday, July 14, with voting at the village hall from 5 to 9 p. m.

**Hearing Adjourned**

Meanwhile, an application petitioning the Supreme Court to direct the election is scheduled to be heard today before Justice Herbert D. Hamm. Since there has been a date set for the election, the application before Justice Hamm becomes academic. The application was made following a meeting of the town board last Thursday, when Mildred Roberts, vice president and Lillian Rose, secretary of the Rosendale Village Taxpayers Association, as individuals, petitioned the board for an election.

In Troy today Justice Hamm permitted the hearing until July 17 at Monticello to see (Continued on Page 6, Col. 5)

**Local Span Included**

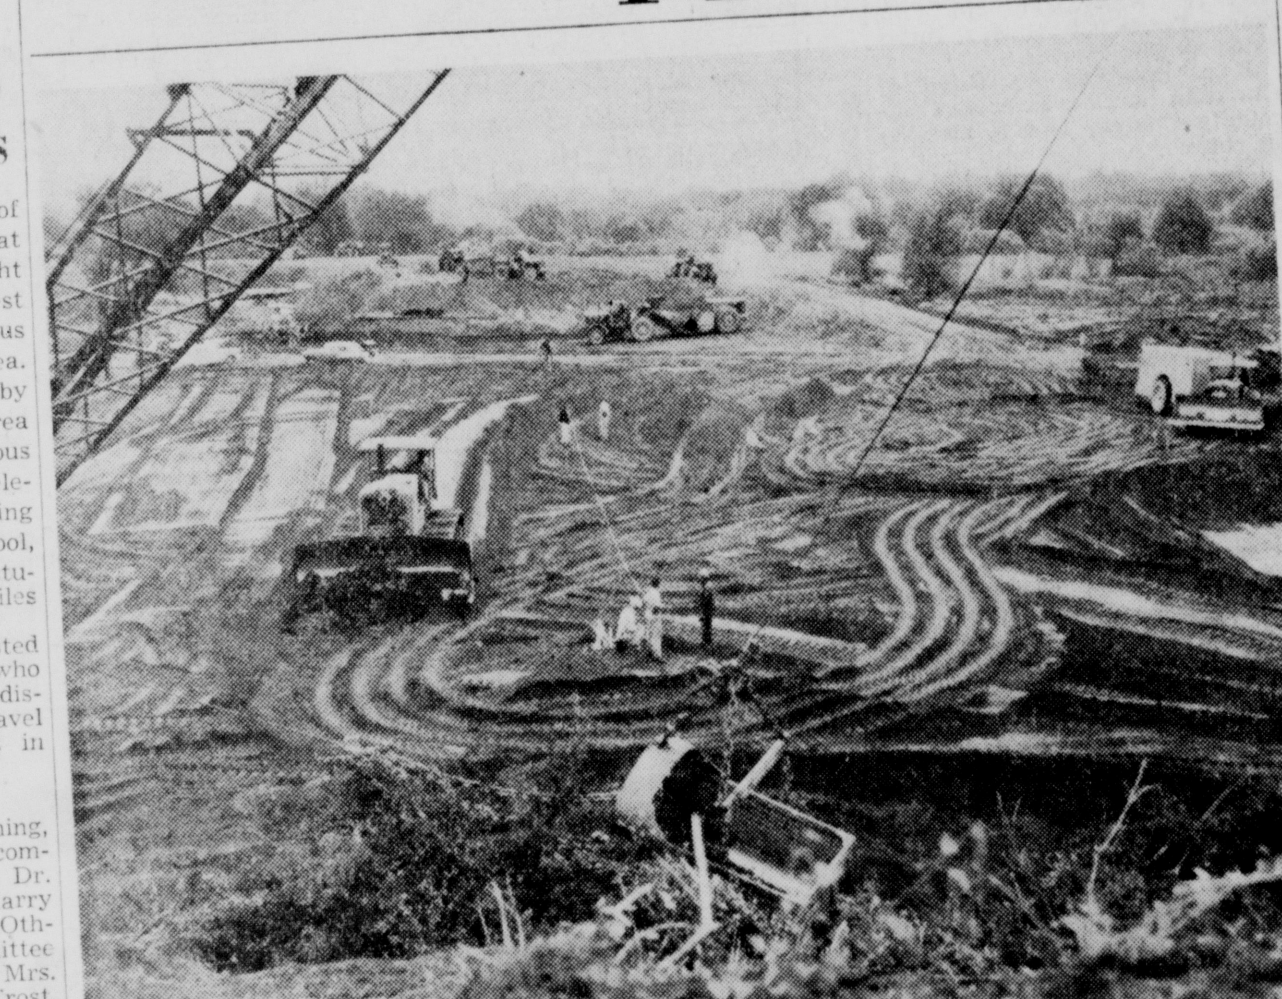

A state law, said Rader, now permits the state public works superintendent to take over bridges maintained by cities or towns, and the local span is among many involved in a program of gradual transference.

Area engineers, apparently have not been briefed, to date, as to the extent of reconditioning of the Esopus Creek Bridge, but it was indicated that alterations will improve it as best possible pending replacement and elimination of the viaduct bottleneck.

LOWLAND CONSTRUCTION of the city's arterial spur is a beehive of activity as John Arbolio, Inc. of Poughkeepsie, contractor, employs a variety of equipment. ## State to Improve Span Viaduct Study Will Follow Arterial Job

Kingston's most hazardous traffic bottleneck, the Washington Avenue viaduct, is due for study and planning after completion of the arterial route system now under construction, a state engineer said today.

Before the city is rid of this greater hazard, however, it stands to gain improvement of the narrow Esopus Creek bridge on its western end.

**State Takes Over**

Mayor Edwin F. Radel said today a letter from J. Burch McMoran, state public works superintendent, advised that the state has "taken over" the Esopus Creek span for repairs and some reconstruction.

The viaduct, said Kurt G. Rader, district state engineer at Poughkeepsie, is to be a later consideration, and planning could start after completion of the arterial route project.

Several attempts have been made by the city within the past several years to get the state to raise or replace the obsolete structure which is more than 40 years old, but is finite as to definite action.

The state did indicate within the past three years that the viaduct problem could come as a later phase of the arterial route project, but the city was given nothing definite as to the time or later feasibility of the project after completion of the arterial system, which is being built as part of an interstate route.

**Local Span Included**

A state law, said Rader, now permits the state public works superintendent to take over bridges maintained by cities or towns, and the local span is among many involved in a program of gradual transference.

Area engineers, apparently have not been briefed, to date, as to the extent of reconditioning of the Esopus Creek Bridge, but it was indicated that alterations will improve it as best possible pending replacement and elimination of the viaduct bottleneck.

**U. S. Jaycees Elect Iowa Attorney New President**

BUFFALO, N. Y. (AP)—Thirty-two-year-old Robert Clark Jr., a Des Moines, Iowa, attorney, is the new president of the U. S. Junior Chamber of Commerce.

Clark's election to the group's top office came at 1:15 a. m. today when his two remaining opponents withdrew from the race in the midst of the 11th ballot.

Nearly 4,000 delegates to the national convention screamed their approval of the former Drake University football and track star, University of the Sacred Heart, as voters and their wives formed snake-line parades through the Buffalo Auditorium.

The election of Clark was term-ly unanimous when his four opponents dropped out of the running.

However, the big swing came when Thomas Marshall, 30, of Jackson, Miss., released his delegates without instruction, and Edward A. Merdes, 33, of Fairbanks, Alaska, conceded the election to Clark.

In the 10th ballot, Clark gathered 1,052 votes, Merdes 818, and Marshall 732.

## Deputy CD Head Asks Donations

### Additional Crews Due in Winnisook During Weekend

Food for the weary searchers at Winnisook Lake was running low today and Charles L. Arnold, deputy Civil Defense director, has issued an appeal for food. More searchers are also needed to comb the area where five-year-old David Raleigh disappeared last Saturday.

**Enough for Today**

Thus far there has been a splendid response to the appeal for searchers and also for food to feed the tired men as they return from the woods. Yesterday it was reported there was sufficient food for today but the supply was running low and with a weekend influx of additional men additional food will be required. Arnold expressed his appreciation to those organizations and firms which have sent in food during the six-day search which today went into the seventh day with no trace of the missing youngster.

Reports that Mr. and Mrs. Stewart Raleigh were giving up hopes their son would be found alive were denied yesterday. Raleigh expressed an opinion that the husky boy would be found alive. The Rev. Foster Freeman, the family minister, was on the scene and offered prayers that the missing boy would be returned to his family.

**Airmen Withdrawn**

Airmen from Stewart Field, who have been at the scene since the search got under way had been withdrawn today because of prior commitments and an appeal was sent out to replacements.

Although the area has been combed repeatedly a re-search is still going on.

This morning the sky was again murky and rain fell over the slopes of Slide Mountain as approximately 50 to 60 searchers entered the woods early in the day to be augmented later by additional forces.

**Nothing New Found**

"Nothing new has been found," was the report from the scene. Also withdrawn from the search were the 100 Manhattan College student engineers who had returned for examinations.

The Stewart Field airmen were being replaced today by seven bus loads of soldiers from Syracuse who were expected to arrive some time today approximately 250-300 strong.

Also joining the search today was Saugerties Town Constable Charles Riley, an expert woodsman who had recruited a corps of men from Saugerties. Constable Riley will be remembered as one of the men who combed Windham Mountain last year when "Slam," a trained elephant was missing. He was (Continued on Page 6, Col. 1)

## Strauss Setback First Rejection Since 1925

WASHINGTON (AP)—In a dramatic 49-46 vote early today, the Senate rejected President Eisenhower's nomination of Lewis L. Strauss to be secretary of commerce.

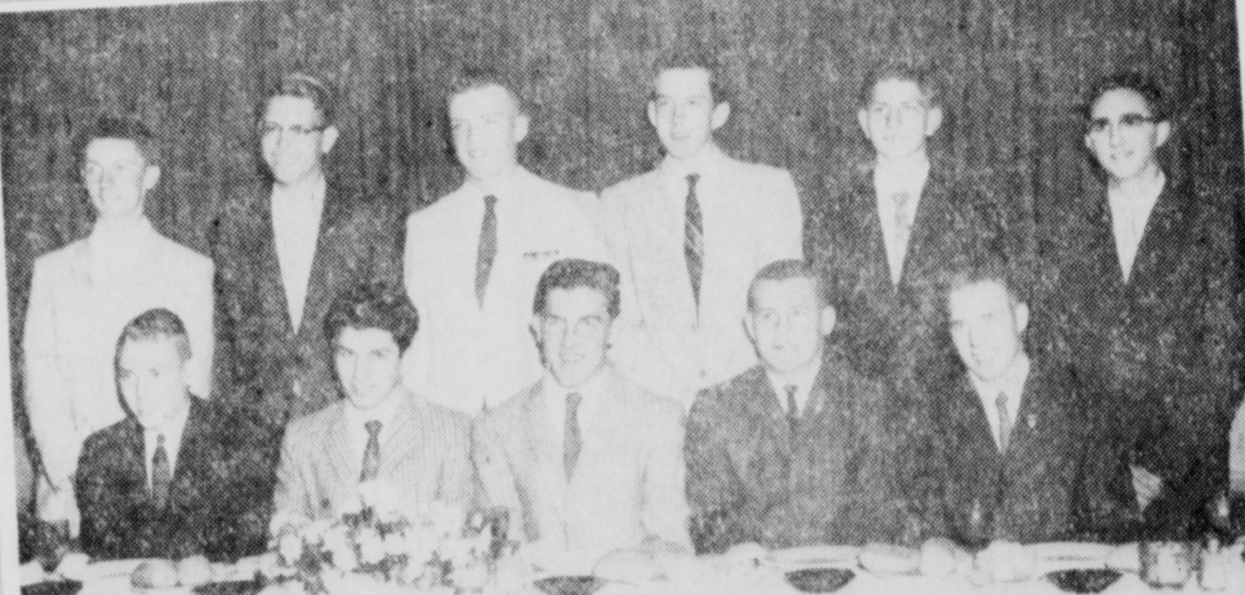

**Warren Last Spurned**

Strauss, former chairman of the Atomic Energy Commission, was the first Cabinet nominee to be rejected by the Senate since 1925, when Calvin Coolidge's choice of Charles B. Warren to be attorney general was turned down. Strauss became the eighth Cabinet nominee to be rejected in all the country's history.

When the showdown came, shortly after midnight, 31 Republicans and 15 Democrats voted for confirmation. Against confirmation were 47 Democrats and two Republicans. Sen. Margaret Chase Smith of Maine and William Langer of North Dakota.

Senate Democratic Leader Lyndon B. Johnson of Texas voted against Strauss, as did most other senators who had not disclosed their stand in advance of the roll call.

There was no indication what (Continued on Page 8, Col. 3)

**Vets Are Urged To Act Now on Insurance Details**

"When it concerns your GI insurance don't put off until tomorrow what should be done today" is the suggestion for veterans offered by Charles L. Culver, counselor of the New York State Division of Veterans Affairs and Howard C. Shurter, director of the Ulster County Veterans Service Agency.

It is unfortunately true, but many veterans allow questions affecting their GI insurance policies to stay unanswered "causing harm and hardship to both themselves and their families." "Right now, for instance many Korea service GI's held insurance policies — identified by the letters "RS" preceding the number — on which they could save up to 2% of their premium cost by an exchange for a special Term GI Insurance policy. A visit or a telephone call to the State Division of Veterans Affairs office at the Ulster County Service Agency at 32 Main Street is all that is necessary to get started on an exchange or conversion to permanent insurance. Information and free counseling service about GI insurance is readily available to veterans on such vital matters as designation of beneficiary, reinstatement, conversions and dividends.

According to the veterans' officials, "There's no time like the present" when it is a question involving GI insurance.

**Investor's Group Managed Assets Over \$3 Billion**

Investors Diversified Services, Inc., of Minneapolis, Minn., has passed the \$3 billion mark in net assets under management, Joseph M. Fitzsimmons, president, announced this week. As of May 31, 1959, total assets of the parent company, its subsidiaries and affiliates composing the Investors Group, amounted to \$3,009,912,851.

The announcement was made just one month before the company's 65th birthday and three years after the \$2 billion plateau had been attained in 1956. The first billion dollar mark was reached in 1952 and was doubled in less than four years.

Founded in Minneapolis in 1894, the company had net assets of \$2,400 at the close of its first year in business. Although growth has been steady over its lifetime, the company's progress in the multi-billion bracket has occurred chiefly under Fitzsimmons' administration.

The Minneapolis-based investment

corporation ranks among the 25 leading financial institutions in the United States and is the largest investment company of its kind in the nation. It is the investment manager and national distributor of five open-end mutual funds—Investors Mutual, Inc., the nation's largest balanced fund with assets on May 31 last of \$1.4 billion; Investors Stock Fund, Inc., a common stock growth fund; Investors Selective Fund, Inc., a bond and preferred stock fund; Investors Variable Payment Fund, Inc., a bond and preferred stock fund; Investors Variable Payment Fund, Inc., adapted to future income in line with long-term living costs and Investors Group Canadian Fund Ltd., largest Canadian fund distributed in the United States.

Subsidiary companies issuing investment certificates are Investors Syndicate of America, Inc., and Investors Syndicate Title & Guaranty Company which operates only in New York State.

The Investors Group currently has more than 978,000 customer accounts which are individually serviced by 3,100 representatives in the nationwide IDS sales organization. These sales representatives are exclusive distributors of Investors Group securities.

Roger E. Spear, investment adviser and analyst whose column, "Successful Investing" appears

weekly in The Freeman, stated in his June 4 analysis that ownership of Investors Diversified Services stock is one of the best ways he knows of to participate in the highly profitable management of mutual funds with the additional kicker of ownership in the largest certificate-writing company in the country and a newly formed life insurance thrown in for good measure—all in one package.

He further stated that Investors Diversified Services Inc., has proved to be in the past and probably will continue to be in the future, a highly satisfactory long-term growth issue.

### EARLY WEDDING BELLS

The average at which young people get married in the United States is on the decline, and has been for many years. The trend has continued to such an extent, according to the Population Reference Bureau, that more girls married at 18 last year than at any other age. The average age of those being married for the first time was 23 for men and 20 for women.

These figures confirm the impression gained as one notes the number of high school seniors and college freshmen getting married. Though married coeds were rare and married high school students were almost non-existent a generation ago, the picture has changed greatly in the last decade or so. By now, virtually every campus has its group of married students. Marriages at high school age are, though not yet common, far less unusual than they were a few years back.

Whatever one may think about this trend, it is something to which society must adjust. The trend raises questions, not least among them that as to whether more could be done about training young people to understand and accept the responsibilities that go with marriage.

It has always been hard for an older generation to believe that "youngsters" are qualified to undertake these responsibilities. With the age of marriage going downward, however, the question whether young people need earlier training for marriage ought at least to be discussed. Nothing will be gained by shrugging off the trend and simply forgetting about the problems it brings.

### A NOBLE EXPERIMENT

Another insurance company has decided to take the plunge and put a premium on traffic safety. It will reward safe drivers with lower rates. Drivers with poor records will get higher rates.

Nebraska is the first of four midwest states to start the experiment for this particular underwriter. If it works out, it will be applied to the country as a whole and may well be accepted by all insurance companies.

We all have good reason to pull for the Cornhuskers to come through—not only for the selfish sake of our own pocketbooks, but for the impetus to safe motoring that ought to result.

Motorists or not, we would all benefit.

### WE HAVE NEED OF BOTH

The call for greater emphasis on the education of scientists, engineers and technicians has tended to obscure the continuing need for men and women trained in the humanities. A heavy over-emphasis on education for technology would tend to damage values which undergird Western civilization.

Further insight into this problem was provided in a commencement address by R. G. Gustavson, president of an organization called Resources for the Future. He stressed the importance of technological achievement but warned that understanding and human concern for the troubles of others demand far more than training in the sciences and engineering.

Gustavson noted the tremendous need for increased production, declaring that on the basis of the world's present productivity only about 900 million people could be supported at the North American standard of living. He drew from this the conclusion that production, rather than distribution, is the central problem.

But that problem can be solved, he said, only if society cares enough to expend the necessary effort. This is where a broader education comes in. "There has never been a period," Gustavson asserted, "when the humanities were more important than they are today."

That may appear to contradict the claims of those who declare that unless the United States greatly increases the training of scientists and engineers it will fall hopelessly behind the Soviet Union. Actually, there is room for expansion both in science

## 'These Days'

By GEORGE SOKOLSKY  
A PAGE OF HISTORY

History is often made by what is not done. The entire course of a nation can be changed by acts of omission, by failure to function, by the avoidance of a specific step.

On December 10, 1941, General Douglas MacArthur addressed a message from Manila to General George C. Marshall who was then the boss of the Army in Washington. This message was sent three days after Pearl Harbor. It was sent by secret radio and was marked "Extra Priority." General Marshall sent it to "War Projects." "War Projects" favored MacArthur's idea. The message was pigeonholed and is not cited in the literature concerning this period. Until September 27, 1958, it was a secret, hidden document. But now it is history and must change the perspective on the war and its results. So here is the document.

"RADIOGRAM

December 10 1941  
1 30 AM (2:25 AM)  
1204 PM

Extra Priority

Manila PI  
General George C. Marshall  
December Tenth

The mass of enemy air and naval strength committed in the theatre from Singapore to the Philippines and eastward established his weakness in Japan proper and definite information available here shows that entry of Russia is enemy greatest fear. Stop Most favorable opportunity now exists and immediate attack on Japan from north would not only inflict heavy punishment but would at once relieve pressure from objectives of Jap drive to southward. Stop Information being secured by Knight who is known to Mils establishes that heavy air attack on Jap objectives would not only pull in much of present widely dispersed air strength but would destroy much of their exposed oil supply. Stop Golden opportunity exists for a master stroke while the enemy is engaged in overextended initial air efforts.

MacArthur

Certain facts need to be recalled in connection with this document. Soviet Russia did not enter the Far Eastern War until within a week before its termination. Soviet Russia entered the war after the United States hurled the atomic bomb on Hiroshima and Nagasaki (Russia entered one day before Nagasaki), laying Japan low and breaking the spirit of the Japanese people.

Had General MacArthur's proposal, three days after Pearl Harbor, been given consideration, the Japanese could not have continued their long course of victories which included the Philippines, Malaya, the Dutch East Indies and the approaches to Australia. Had Soviet Russia entered the Far Eastern War in 1941, Chiang Kai-shek's forces would not have become exhausted and the Chinese Communists would not have taken control of China.

This is all speculative but those who pigeonhole General MacArthur's message speculated on the possibility of winning a war without the aid of Russia, actually with Russia neutral and, in effect, giving aid to our enemy in the Far East while allied to us in the German side of the war, and conducting an agitation within the United States for a "second front"—a campaign which diverted the United States from its principal target which was then Japan.

There is a note on this message, written in long-hand. It is initialed L. S. K.—which stands for Major L. S. Kuter, then Assistant Secretary of the General Staff. The note reads:

"Gen. Marshall is taking this up with HW. WPD recommended that every effort be made to bring Russia into war."

Little by little the documents of history come out of hidden files to add another page to the long story of human stupidity and ineptitude, of frailties and jealousy, of projects that cannot be carried through. Each of these small episodes costs thousands of lives and millions in wealth. Thus do empires rise and fall, the weak grow strong and the strong become weak. It is the story of mankind.

Small men in high positions can destroy what they seek to protect. This is the danger that all nations face. Kingdoms have been built by strong men only to be dissipated by their stupid grandsons. Republics are only strong as long as the people can check their officials; when an elite class develops which functions in secrecy, a republic dies.

If You Ignore This Advice  
More Than Face Will Be Red

By EDWIN P. JORDAN, M.D.  
Written for NEA Service

The old saying, "the burnt child shuns the fire," apparently does not apply to many grownups who get themselves painfully sunburnt year after year.

In many parts of the North American continent (yes, I know about California, Texas, Florida and New Mexico) the sun is pretty weak during the winter months and the residents of our cities and towns lose most of their tan.

But a goodly proportion seem to forget their vulnerability to the strong sun of early summer and spend the first bright sunny Sunday or holiday trying to make up for lost time.

The inevitable result is a few absences from the office the next day and the appearance of others shining like beacon lights from sunburn. This really does not make much sense. A severe sunburn is not only uncomfortable enough, but can be dangerous.

A sunburn is of no earthly benefit to health. When the skin is burned by sun the outer layers are killed and have to be replaced from the layers below. After a severe sunburn, for example, the outer layers are shed in sheets and pull off. The dead outer layers do not get any benefit from the sun and actually prevent some of the good which is desired.

The sun's rays are necessary for growth of plants and help in maintaining the health and well-being of humans and animals.

One of the benefits which the sun can give is to aid the human skin to produce a substance called vitamin D. This is necessary for complete good health and prevents rickets in children.

A brown, tanned color is the result of the deposit of a pigment or coloring matter in the skin called melanin. This helps to protect the body against getting too much from the sun's rays. When the skin becomes pale it means that there is not much melanin present.

Melanin is not deposited in the skin at once on exposure to sun, but takes time. A white skin, therefore, is not so well protected against the sun as it is when good tanning is present. Until the skin is protected in this way it can be burned by the sun in almost exactly the same way that it can be burned by any other hot substance.

Several ointments or lotions can be placed on the skin and do protect somewhat against rays of the sun and promote tanning rather than burning. A person with a pale skin, however, cannot safely feel that to do this will protect completely against burning.

A word should be said about the pills, which some readers may have heard about, which are said to aid in rapid sun tanning.

These are of a chemical nature and carry some possibilities for harm. I would not want to try them myself at the present time.

and engineering and in the humanities. They complement one another. Society needs both the means to dominate and mold physical environment, and the understanding to achieve these things with human values clearly in mind.

## "C'Mon, Jump! What Can I Lose?"

## Washington News

BY PETER EDSON

NEA Washington Correspondent

WASHINGTON — (NEA) —

One principal reason why the 86th Congress hasn't piled up a better record so far this year may be that there is a complete lack of political discipline in both parties. Leaders are unable to control their members.

What Congress has now is 534 rugged individualists. Many of them are inclined to be political prima donna types.

On paper the Democrats have a 64-34 majority in the Senate and a 281-132 majority in the House, with three vacancies.

This gives the Democrats the biggest majorities they have had in Congress in the last 20 years. But they are still not big enough to enable the Democrats to override any or all vetoes President Eisenhower may cast on legislation which the Democratic majorities might be able to agree on.

Eisenhower administration leaders have dropped hints of half a dozen more vetoes in sight. They are predicted if the Democrats try to force through bills that call for spending more than Republican recommendations on housing, aid to depressed areas, airport and highway construction, stream pollution prevention, new water resources developments, and other public works projects.

IT'S A SOCK on the jaw to the Democrats every time they fail to override a veto. They've failed on one already—trying to take Rural Electrification Administration out of Secretary of Agriculture Ezra Benson's hands. They're skittish about risking a showdown on other vetoes.

The result is a kind of legislative stalemate, with little attempt and less done. Senate committees have reported out

734 measures for floor action this year. House committees have reported out 386. All this out of over 10,000 measures introduced. But only 37 bills have cleared both houses and been signed into law.

The stalemate centers around the fact that the Democrats are instinctively opposed to anything the Eisenhower administration proposes. And the Republicans seem determined to keep the Democrats from putting through a counterprogram of their own.

The situation is further complicated by the fact that neither party can deliver its votes in a solid bloc. For there is no punishment that party leaders can hand out to their colleagues who stray off the reservations.

The Republicans have a tighter organization than the Democrats. It is smaller, therefore easier to control. But GOP liberals frequently stray away from the leadership of Sen. Everett Dirksen and Rep. Charlie Halleck.

Beyond the Democrats' broad policy of opposing almost everything suggested by President Eisenhower, they are split down the middle on their own program. Conservative Democrats vote with Republicans against Democratic liberals just enough to prevent anything being done by either side.

CAUGHT IN THE MIDDLE of this Democratic squeeze are its leaders, Speaker Sam Rayburn and Sen. Lyndon Johnson.

When they try to exercise their leadership, they are called despots. But when they let the Democrats in-charge, they are called cowards. So they are in a tight spot.

House exerts their individuality, the leaders are accused of having no program and no policy. Democratic National Committee does have an advisory council, set up to establish party principles. It is issuing a series of great long statements that few people pay much attention to.

## Twenty and Ten Years Ago

June 19, 1939.—The Rev. John P. McCaffrey, of St. Joseph's Church, was named to deliver the high school baccalaureate address June 25.

The Colonials defeated Schenectady 8-5.

The Town of Esopus planned to create a new fire district.

Several area fire companies were due to parade in the parade of the Hudson Valley Volunteer Firemen's Association at Catskill.

June 19, 1949.—Police reported

"bootlegging" of firecrackers despite a law against their sale.

Gladys D. Nickerson Kherdian, of Clifton Avenue, died.

Dr. Arthur S. Flemming, of this city, recently installed as president of Ohio Wesleyan University, received an honorary degree from Wesleyan University, Middletown, Conn.

William A. Krum, past exalted ruler of Kingston Lodge 550, BPO Elks, was installed as a vice president of the New York State Elks Association in Albany.

Speaker Rayburn and Senator Johnson do not even recognize it. That makes party discipline for failure to follow policy almost impossible.

Some Republican congressmen have a theory—which they can't prove—that this undisciplined Democratic lack of action is a deliberate stall to delay consideration of civil rights legislation.

By taking up so much time on the nomination of Admiral Lewis Strauss as Secretary of Commerce and by threatening filibusters to prevent his confirmation, Senate Democrats are preventing action on more important measures.

In the House, the slowdowns in committees on labor, educational and other bills are having the same effect.

### Cast Must Change

CHICAGO (AP)—A change of cast was ordered today for the Chicago Sanitary District's movie, "Storm Warning," a thriller about sewage disposal. Since the film was made last year three Democrats have replaced three Republicans on the nine-member board. Scenes showing the Republicans are to be cut out and new scenes shot showing the Democrats.

## AS PEGLER SEES IT

By WESTBROOK PEGLER

To George Petrovsky Skovar  
Editor, Pravda  
Moscow, USSR  
Comrade Georgi:

The writings of American reporters about Moscow prompt these further notes on life in New York. These articles emphasize the drabness of Russian clothing, but I have been sitting at my window here on Lexington prospect and I am of good cheer. The Waldorf-Astoria, across the street, is a citadel of capitalist culture. Nevertheless, one sees coatless American males even in the lobbies with their shirts out of rumpled trousers of drab material and some women go through the streets in slacks or pajamas which tend to emphasize their structure to no pleasant effect. Few of these capitalist males wear ties, indifferent to the hostile superstition that whoever goes without a tie is a Bolshevik. However, by an amusing miracle of mass-production by permission of the criminal underworld, American women generally present a neat, graceful and stylish appearance at small expense.

Question: Should we, too, have an underworld?

I have encountered hundreds of students, male and female, on college premises where I have been rooting out traces of McCarthyism, who are so baggy and ill-clad that there is little difference between their appearance and that of our comrades, the Chinese agrarians. I have found almost no memory of McCarthyism in the colleges. Just

as recent surveys in Germany proved that German youth were unaware of Hitler, the education of American youth ignores McCarthy. Some have a vague impression that McCarthy sent Sacco and Vanzetti to the electric chair. I hope I may receive credit for this coup in which I had hearty help from many slick magazines.

Published descriptions of the streets of Moscow comment on our cleanliness, but with disparaging remarks on the employment of women to keep them swept. This is deemed brutal. The American system forbids such employment of women, but provides instead free wages for women who become "unemployed" by misconduct. If they resign, a woman is not eligible. But if a housemaid breaks the crockery or gets drunk and ruins the dinner and is fired for that, she goes on the unemployment rolls at the expense of the state. The work of sweeping streets with willow switches would be easy for such women and these streets are a disgrace to America. However, I do not urge this point publicly, for it were far better from our standpoint that New York should wallow in dirt and squander millions on raffia and that they be coddled by the political parties for their votes.

It is gratifying also to read praise of our subway, short and symbolic though it be. By contrast, New York has a maze of subways so intricate that few citizens and not all the police know where they lead to. They are dungeons in which murder, rape or robbery with bloody violence is a brooding men hesitate to travel in subways at night. Gangs of hoodlums are apt to swarm through the unguarded cars.

Criminal tendencies are indicated by the familiar equipment of the ordinary policeman. Each cop wears a pistol in a holster, and reserve ammunition in a belt. Handcuffs and a deadly blackjack also hang from his waist. They are forbidden to go unarmed even when they are off duty.

The distinctive Russian nature of vodka is known the world over so it is droll now to find vodka a popular American drink. I am stunned by the awe-inspiring alcoholic capacity of the Americans, including women of polite status who drink openly in public bars. I believe the Americans drink more hard liquor, man for man, and woman,

ceived honorary degrees from twenty-one colleges and universities.

Condemned Oppenheimer

Sen. Dodd referred to the case of Dr. Oppenheimer and said: "If ever a government official, in possession of critical secret information, indicted himself as a security risk by his own words and actions, it was Oppenheimer."

"It is uncontested that over a period of many years Dr. Oppenheimer persisted in his Communist associations. He was a regular financial contributor to the Communist party."

Sen. Dodd, referring to the Haakon Chevalier case, said it is an admitted matter of record that Oppenheimer concealed this espionage attempt from security investigators, in an attempt to protect a Communist spy.

Opposed by "Liberals"

Indignant denials are being made that the friends of Oppenheimer have not influenced the waging of the fight against the confirmation of Mr. Strauss. But the fact remains that for some unexplained reason the present Secretary of Commerce has been the victim of the same kind of smears and innuendoes which only a few years ago were being denounced as "character assassination" in the era of so-called McCarthyism. Today many of the "liberal" Senators are lined up against Lewis Strauss.

The most charitable interpretation of all this is that it is a personal feud, and that where human forgiveness should long ago have settled the quarrel between two strongly dedicated men, it lingered on until the Senate itself became the vehicle for personal spite and recrimination. It is a sad chapter in American history.

than any other people on earth. This leads to thoughts of their health and this in turn leads to confusion.

For these people are living longer and longer and the present generation speaks of antibiotics as glibly as the one before spoke of sulphas and penicillin. Medicine has become an enormous industry so the Americans must be very sick or very, very well. This must be good for the economy. Package drugs, including vitamins, cost as much as \$8 for a brief supply and prescriptions containing proprietary ingredients cost \$4 or \$5.

Be patient if my deviation if such it be, but Park Avenue recently was the most beautiful public garden that I have ever seen, a mile, more or less, of gorgeous tulips of many hues and jonquils as big as teacups. They are, to repeat, an enigma wrapped in a riddle enclosed in a mystery, these Americans.

Yours for a Socialist world, Ivan Ivanovich.

ALBANY, N. Y. (AP) — Rear Adm. Harold C. Moore of the U. S. Coast Guard has been elected president of the Fort Schuyler Maritime College.

Trustees of the State University, of which the college is a unit, chose Moore Thursday to

succeed Vice Adm. Calvin T. Durgin, U. S. Navy (ret.), Durgin, who has been president since 1951, will retire from the school post Sept. 30.

The presidency pays \$13,524 a year.

Moore, a native of Greenport, L. I., is a graduate of the New York Nautical School, which later became the maritime college. He also was graduated from the U. S. Coast Guard Academy.

The maritime college has an enrollment of 541.

## 500 Expected to Attend Democrats Annual Dinner

Charles Ryan, of Kingston, general chairman of the committee in charge of the annual Ulster County Democratic committee dinner to be held Sunday at 6 p. m. at Tamarack Lodge, five miles west of Ellenville, said more than 500 are expected to attend the event which will be preceded by a day of recreation at the resort.

## 2,000 to Attend Jewish War Vets Sullivan Parley

More than 2,000 delegates of the Jewish War Veterans will greet Governor Nelson A. Rockefeller who will be a guest of the Department of New York, J.W.V. USA at its 29th annual convention to be held at Kutsher's Country Club, Monticello, from June 18 to 21.

The Governor, together with Attorney General Louis J. Lefkowitz, will be guests of the J.W.V. at a party to be held Saturday in honor of Rockefeller, according to State Commander Joseph Tannenbaum.

**Keating to Talk**  
Senator Kenneth B. Keating will be the guest speaker at the annual commanders' banquet Saturday night.

Comptroller Arthur Levitt will address the convention Sunday morning, June 21. There will be a Foreign Affairs panel Saturday morning. The guest speaker will be the Consul General of Israel, Simcha Pratt, who has returned from "Israel and the Middle East."

**Expected Resolutions**  
Among resolutions to be acted upon at the convention will be: Civil rights. The committee of the United States to exercise its great influence in having Congress pass more stringent legislation to both enforce the government's hand as well as more adequately protect the civil rights of our Negro Americans whose rights are being violated.

**Federal Aid to Education**—Federal aid to education is the responsibility of the government to reassure that future generations of young Americans shall be properly equipped to carry on. There is presently an acute shortage of schoolrooms and trained teachers. There is a shortage of 140,000 schoolrooms and 100,000 teachers which is materially affecting countless thousands of Americans. J.W.V. heartily endorses and urges Congress to adopt HR-22 and S-2 respectively to alleviate the conditions described above.

**U. S. Security**—The security of this country and our allies would be materially threatened if we would fall behind in testing and developing H-bombs and missiles. J.W.V. supports the continued testing of said bombs for so long as the Soviet Union maintains a similar program.

**Middle Income Housing**—Department of New York, Jewish War Veterans, USA endorses Governor Rockefeller's program to build Middle Income Housing by State Government loans to private interests. There is great movement of middle income families from urban to suburban areas. These citizens must leave the large cities as there is no housing available for them at the rentals they can afford. The Governor's planned program will provide the necessary middle income housing.

## Parents Remain

**CAP Joining Search**  
One of the organizations which has been sending food to the area is the West Hurley Home Bureau unit.

Members of the Civil Air Patrol have been ordered by the New York Wing Headquarters to join in the search for Saturday. Members will meet at Kingston High School at 7 a. m. and go to the scene. All members are urged to wear warm clothing, heavy footwear and bring along a lunch.

**Marines Offer Services**

City Marshal John Ray Mayone today offered the services of members of the Marine Corps League and issued an appeal for all members to meet Saturday at 8 a. m., at the YMCA where buses will be provided to transport the men to Winooski. In charge of the search party will be the commandant Gilbert Gray and Marshal Mayone. Any member of the League who can volunteer for the service is requested to make the trip.

A kidnapping theory which has been advanced is being discounted. It is believed the youngster missed the trail and instead of reaching the cabin where he and his family was staying, wandered off into the heavily wooded area and became lost.

**Deny Mysterious Cars**

Reports of mysterious cars seen in the vicinity on the evening the boy disappeared have been denied by state police. Herbert Shultz, at whose cottage the Raleigh family had been staying, also denied the stories. Mrs. Shultz was driving home from the village shortly after the boy was reported missing and recalls seeing only one car on the road and that was traveling in the same direction she was going. A caretaker also verified this statement.

**Freighter Is Free**

MASSENA, N. Y. (AP)—The Liberian freighter Astoria was free today after nearly four weeks aground in the St. Lawrence seaway.

Six tugs worked the 442-foot vessel loose Thursday. The sea was closed during the nine-hour operation.

**To Appeal Conviction**

LOS ANGELES (AP)—Strip-leader Candy Barr is appealing her narcotics conviction to the U. S. Supreme Court. Miss Barr, 27, was sentenced to 15 years in prison on a charge of illegally possessing marijuana. She is free under \$15,000 bond pending outcome of the appeal.

**FOUR PERSONS WERE INJURED** in this three-car mishap at Franklin and Pine streets, late Thursday afternoon. Jeanette Barnovitz, 54, of 32 Chambers Street, and Sylvia Black, 47, same address, reported injuries to the face; Francis Bruno, 140 Linderman Avenue, leg lacerations and Michael Bruno, 62, of 140 Linderman Avenue, chest injuries. Police said the car of Louis Black, 22, of 32 Chambers Street, hit that of Michael Bruno, and the latter was forced into that of Frank R. Nardi, 24, of 33 Elmendorf Street which was immobile at a stop-sign. All were towed from the scene. (Freeman photo)

## Rinschler Firm Now Agents of Home Indemnity

Charles M. Rinschler, president of the firm of C. M. Rinschler, Inc., today announced the agency's appointment as general agents for the Home Indemnity Company of New York. This is the first such appointment by this company in the Hudson Valley.

Speaking of the event, Rinschler said, "Our agency is naturally pleased to have been chosen for this indication of confidence by the Home Insurance Group. We have represented the Home Insurance Company for many years. As a matter of fact on May 29 last we were presented with a plaque indicating that this agency, since its founding in 1909 in Rosendale, has competently represented the Home Insurance Company for a 50 year period."

The Home Insurance Company is itself 106 years old. At the end of 1958 the total assets of the group were over \$575,000,000 and they had a policyholders surplus of over \$275,000,000.

Concluding his remarks Rinschler added, "As the agency we feel that this appointment gives our customers the top facilities for serving their insurance problems in fire, casualty, compensation, bonds or marine coverages be they local, national or international in scope. We also look back on the first 50 year period as an indication that both this community and the Home Insurance Company have found mutual satisfaction in a business relationship based on service to the insurance buyer who seeks quality protection."

The offices of the Rinschler Insurance Agency are located in the Ulster County Savings Institution building at 280 Wall Street.

## 450 Blasting Caps Reported Stolen

Police today issued a danger warning after a report that 450 blasting caps were stolen from the uptown quarry of the state public works department.

Conditions at the magazine box from which the caps were taken indicated that the theft might have been committed by young boys, it was noted. An outside lock was broken in opening the box.

The caps, of the copper tube type, are dangerous, and persons who might see them in a neighborhood or who have any helpful information are asked to contact police headquarters.

Similar thefts reported last year from the Quarry Street site, and similar caps in the hands of boys about two years ago caused serious injuries to two of them when the caps were playfully exploded in a downtown area.

## Reach Tentative Pact In Hospital Strike

NEW YORK (AP)—Tentative settlement of the six-week-old hospital strike was reached at a mediation meeting at City Hall today.

"The strike will be settled," said Mayor Robert F. Wagner, who had been sponsoring the peace talks.

The strikers—nonprofessional employees of seven hospitals—will vote Monday night on whether to accept the terms.

Wagner said the union leaders promised they will recommend acceptance to their members. The steering committee of the Greater New York Hospital Assn. said it will recommend approval by the managements of the struck hospitals.

## Plane on Loose

ELYRIA, Ohio (AP)—While several small children were watching television in Mrs. L. DeMarco's living room, a kind of undeclared missile hit the side of the house, smashed two windows and came to rest in the room. It was a remote control model airplane which eluded radio signals, leaving the owner and controller standing confused in a field a half mile away. No one was hurt, and arrangements were made to take care of damages.

## Viaduct Study

the viaduct project until such time as the city gained another highway (the arterial spur) for the heavy traffic flow in that area.

A public hearing was held here more than two years ago by the State Public Service Commission on the city's bid for elimination of the viaduct. It closed "without prejudice" for reopening when a new call is issued. This, it was indicated, would probably be at such time when it becomes apparent that definite plans for the project are started.

## Taxi Officials Shot. No Motive for Attack

BUFFALO, N. Y. (AP)—A gunman shot and wounded seriously two officials of a taxi company as they were working in their office today.

Police said the gunman fired five or six shots through a window, striking Steve Cannarozzo, 38, manager of the Madison Cab Co., and Edward Moscato, 45, a dispatcher.

Both were reported in critical condition in a hospital.

Company spokesmen could offer no motive for the attack. They said there had been no attempt at robbery.

Three other employees were in the service garage at the rear of the office at the time of the shooting, police said. They heard Moscato shout and ran in.

No trace of the gunman was found.

## Gov. Long Returns To State Hospital

BATON ROUGE, La. (AP)—Hoarsely screaming curses, Gov. Earl K. Long of Louisiana battled all the way with sheriff's deputies Thursday night as they hauled him to a mental hospital for the second time in three weeks.

"Hell, I'm not going to get in there," he yelled when they tugged him into a sheriff's car to take him to southeast Louisiana State Hospital at Mandeville, 30 miles to the east.

The 63-year-old governor swung a roundhouse right at a deputy but missed.

"You-all look, you-all look," he shouted.

Dr. Chester Williams, corner of East Baton Rouge Parish, said Gov. Long had suffered from delusions of persecution. The medical man is paranoid schizophrenic.

But Long remained unconvinced that he needed hospital treatment. "I don't feel I need to be hospitalized," Long told physicians at the Mandeville institution.

Dr. Charles Belcher, acting superintendent of Southeast, indicated Thursday night in an interview with The Associated Press that Long must remain in his hospital at least 30 days.

This latest chapter in the weird and tragic story of Earl Kemp Long pitched Louisiana politicians into additional jitters. Who is to take over the duties of governor?

Lt. Gov. Luther Frazier, it is supposed, will step into the breach, as he did when members of the Long family flew a drugged and unwilling governor May 30 to a psychiatric clinic at John Sealy Hospital in Galveston, Tex. However, nothing is certain.

In his New Orleans hotel, the lieutenant governor hastily declined to say one word on the situation.

## Capsized Craft Found

NEW YORK (AP)—An outboard motorboat matching the one in which three missing Staten Island youths were riding last Sunday was found capsized Thursday 25 miles east of the Shark River, N. J., inlet.

The Coast Guard said a fishing vessel found a 14-foot craft, righted it and hauled it out. It carried the name "Congo" which was the name of the Staten Island boat, and was the same size.

The Coast Guard sent the cutter Yeaton and two amphibious planes to search the water off the inlet for bodies.

Missing since they started on a cruise were Edward DeBoer, 17, his brother, Woodrow Jr., 20, and Richard DeMarco, 17. Strong winds buffeted New York Harbor last Sunday.

The milk bottle was invented by Dr. Harvey D. Thatcher of Potsdam, N. Y., in 1884.

## Think It Through

E. F. HUTTON

ROBBING THE PIGGY BANK

When families get deep in hock for this 'n that, they shake little Alyce Mae's piggy bank.

Now that the State of Michigan can't pay its bills, Governor G. (Whiz) Mennen Williams wants the Legislature to pry open the State's trust funds.

The Legislators are reluctant to pry, and understandably so, for the diversion of trust funds to pay for a big binge is something for which private trustees go to jail.

As the Legislature hems 'n haws, G. Mennen gets madder 'n madder. He says the wicked Republican Legislators are messing up his keen desire to be President of these United States.

I pause to ask you: If the great State of Michigan can go busted, why can't the United States do the same?

Well, don't worry. For the funny thing is that the U.S.A. could go busted, but could never do so.

E. F. HUTTON always pays his bills!

Uncle has a money machine which is equivalent to the printing press, and can manufacture all the green stuff he needs, same as Germany did in the 1920's. But Michigan has to get its cash the hard way.

The darned old Constitution says that no State can "make anything but gold and silver a (legal) tender for the payments of debts."

However, our great Chief Justice says that when States fail to meet the "needs of the people," Uncle should do so.

So Governor, see "Sir Earl" Warren, of the Supreme Court,

## Saugerties Unit Helps to Form Heights WSCS

This week, a meeting to organize a new circle of the Women's Society of Christian Service, of Saugerties Methodist Church, was held at the home of Mrs. John Whitner, 4 Village Drive, Kings Village.

Guidance was given the group by Mrs. George Wilde, president of the society; Mrs. Robert Emery of Spaulding Lane, and Mrs. David Jones of Robinson Street.

Members of the newly formed circle are from the Barclay Heights Development, Kings Village, Garden Circle and Barclay Gardens.

Those present were: Mrs. George Allen, Mrs. Stanley Benham, Mrs. Richard Mach, Mrs. Barbara Sparks, Mrs. Gerard Weber of Barclay Heights Development, and Mrs. Norman Bolinder, Mrs. James Delmege, and Mrs. John Franz of Garden Circle. Mrs. Luther Heiser and Mrs. Whitner were the new members from Kings Village.

Mrs. Whitner was appointed leader for the coming year, and it was decided that programs for future meetings would consist in part of panel discussions of current topics related to church and world wide interest.

The first full meeting will be Thursday, Sept. 10 at 8 p. m. in the home of Mrs. Delmege, 6 Garden Circle. Other residents of this area are invited to attend this first meeting, of the first of several circles to be formed as a part of the Saugerties WSCS. It is anticipated that the second circle to be formed will be the Windemere group.

## WGHC Announces Port Ewen Site For Transmitter

The purchase of 21 acres of land in the Port Ewen area for a site for a transmitter station for Radio Station WGHC, was announced today by Harry N. Thayer, general manager of the local station owned and operated by the Herald Tribune Network.

The new transmitter site is located east of Route 9W behind the Capri and Volkswagen businesses.

Announcement of the purchase of the land followed the remarks Thursday at the remarks luncheon of Martin Stone, president of the Herald Tribune Network, who revealed that an application was pending to move Station WGHC from Kingston to Kingston and to increase the range of the station from 1,000 to 5,000 watts.

## Actress Gets Checkup

HOLLYWOOD (AP)—Actress Betty Hutton is in the hospital for what her doctors describe as a long overdue checkup.

The physician said the actress, who told friends she had been feeling tired recently, probably will be released from the hospital this week end. Miss Hutton, 38, entered the hospital Thursday.

not come into the consolidated district.

**Land Purchase Authorized**  
Purchase of a small parcel of land to round out the Hurley school property was authorized. Perkins and Will, architects, were authorized to proceed with the program of preparation of plans for No. 5 and 6 schools in the city.

The board had previously approved plans for additions to Hurley, Tilton, Port Ewen and Lake Katrine schools. Monday there will be a staff meeting with Richard Ziegler, project architects to go over the plans.

A letter from the State Education Department of Buildings and Grounds, was received in relation with installation of sprinklers in schools. The letter in effect said that sprinklers in fire resistant buildings of one story, except for certain limited areas of such schools was not necessarily required.

Fees for registration in Adult Education classes were discussed and in instances raised. The Driver Training registration fee was raised from \$5 to \$10. Classes of 10 sessions duration will have the fee of \$2 with 15 session classes at \$3 and 20 session classes \$4.

## Believe Attack MIGs Were Based In North Korea

WASHINGTON (AP)—The Communist MIGs that shot up an American patrol plane over the Sea of Japan were more than likely North Korean, Secretary of Defense Neil H. McElroy says.

McElroy told a news conference Thursday he bases that opinion on the direction from which the planes came. In the area of the attack, 85 miles east of Wonsan, the jet fighters could have been manned by North Koreans, Red Chinese, or Russians. Planes of all three carry the Red Star insignia seen on the attackers.

McElroy said it was ridiculous to raise a fuss about whether the American patrol plane was adequately armed or not. Its World War II vintage guns "are not going to knock off a MIG anyway," he said.

The defense secretary said the really important thing about the incident was that the U.S. Navy plane was on a peaceful mission over international waters and was jumped by "an irresponsible pair of fighters."

The U.S. plane's tail gunner was severely wounded by the attacking jets, and his gun was knocked out before he could return the fire. Crew members agreed the attackers were Soviet-built MIG15s or MIG 17s.

Other gun turrets on the plane had been disarmed so radar and cameras could be installed.

A photograph of the crewmen snappers in the confusion of the attack could pin down the nationality of the planes beyond doubt. The picture is being sent to Washington for evaluation.

## Rosendale Going

whether the election in fact is held.

The two petitioners alleged the village board had declined to act on the matter of setting a date for the election.

**Papers Ask Dismissal**  
Village Attorney Charles H. Gaffney did not appear at Troy today but submitted papers to the court in which he asked for a dismissal of the petition on the grounds it was premature and sought costs. The petition, Gaffney alleged, was premature in that the board had not refused to act but had simply complied with the law, asking time to check the list of taxpayers and the amount of assessed valuation which was presented on the petition. Since a date has been set, after the petition signatures and the value of property represented by them had been checked, Gaffney said the petition was no longer in order.

## Vaughn Confirms Date

The date of July 14 was set after the petition had been checked, as required by law, and found to contain over 50 valid signatures with over one-third of the assessed valuation on the previous tax roll represented by the signers.

Mayor John W. Vaughn today confirmed the date of the election and said that all valid resident taxpayers would be given an opportunity to vote.

The board at its last meeting did not refuse to act on an election but sought time to check the signatures on the petition and to ascertain whether the valuation represented by the valid signatures actually represented a third of the assessed valuation as represented on the last tax roll. Village law requires that this check be made. Should the petition not contain sufficient valid signatures or the petition not meet the one-third requirement and an election was scheduled, that action would be open to a taxpayers action.

After checking the petition it was found there were sufficient signatures and slightly more than the third assessed valuation was represented, Gaffney said.

## Alleges 184 Signers

The petition alleged 184 signers and the inspection indicated 37 of the signers were not listed on the last preceding tax roll. An assessed valuation of \$299,000 was reportedly represented while the check showed that only about \$211,000 of the assessed valuation was held by the valid signers. Despite this discrepancy there was sufficient signatures and property represented and the board consequently called for the election.

Justice of the Peace William P. Curran appears for the petitioners.

## Deaths

By THE ASSOCIATED PRESS  
HOLLYWOOD (AP)—Ethel Barrymore, 73, veteran actress of stage and screen for more than 58 years, died Thursday. The undisputed queen of the American theater, she was the last of the three great Barrymores of stage and screen. Her brothers, John and Lionel, preceded her in death.

ROCHESTER, N.Y. (AP)—William G. Stuber, 95, former president of Eastman Kodak Co., died Thursday. He served as president of the camera equipment company from 1925 to 1934 when he became chairman of the board. He was chairman from 1941 to 1957. He began his career as a portrait photographer in Louisville, Ky.

## Passing Closes Curtain on Proud Theatrical Family

**ETHEL BARRYMORE**  
HOLLYWOOD, Calif. (AP)—Death came quietly Thursday to Ethel Barrymore and closed the curtain on an era ruled by a proud theatrical dynasty.

She died in her sleep. She had been an invalid in her Beverly Hills apartment for more than a year with a heart ailment.

## Would Be 80 in August

Miss Barrymore would have been 80 August 15. She will be buried in Calvary Cemetery Monday.

For more than six decades, her regal bearing and resonant voice had captivated audiences. And she had been a star of the theater, movies, radio, and television.

The sharp-witted actress, who originally wanted to be a pianist, was the last surviving member of a theatrical triumvirate that included her equally famous brothers John and Lionel. John died in 1942 and Lionel in 1954.

"We Barrymores became actors not because we wanted to go on the stage," she once explained, "but simply because it was the thing we could do best."

## Was Most Versatile

And it was. Ethel was the most versatile, ranging from light comedy to tragedy with equal skill. She won a 1944 Academy Award for her portrayal of the fatally ill mother in "None but the Lonely Heart" and nominations for "Spiral Staircase" and "Pinky."

Show business' great and near-great mourned her death.

In New York, the Ethel Barrymore Theater dimmed its lights for five minutes before starting the night's performance.

In Hollywood, actress Judith Anderson, a friend of 30 years, wept softly when told the news and then quoted these lines: "There's a new star in the sky . . . and the glory of the heavens is my infinite sorrow."

## Woman With Revolver Has Case Put Over

Velma Elizabeth Monahan, 34, of 110 Harriman Street, Port Ewen, who claimed police said, that she intended only to intimidate her husband into going home with her from a downtown tavern, was booked early today for alleged unwarranted possession of a 38 caliber revolver.

Special City Judge Arthur B. Ewig today put the case over to June 23 to permit her time to obtain counsel.

Police said she sat alone in a parked car and had taken the revolver from a pocketbook. The arrest was by detectives Charles McCullough and Harold DeGraff.

Anthony Uhl, 19, of East Chester Street Extension, and Donald Keegan, 24, of 34 Liberty Street, were booked on disorderly conduct charges last night after allegedly refusing to obey officers when they were told to move. Uhl was arrested by Officer Ira Hagedel and Keegan by Meyer Levy. Their cases today were put over to June 25. Bail was fixed at \$25 for Uhl and at \$50 for Keegan.

## Deaths

By THE ASSOCIATED PRESS  
HOLLYWOOD (AP)—Ethel Barrymore, 73, veteran actress of stage and screen for more than 58 years, died Thursday. The undisputed queen of the American theater, she was the last of the three great Barrymores of stage and screen. Her brothers, John and Lionel, preceded her in death.

ROCHESTER, N.Y. (AP)—William G. Stuber, 95, former president of Eastman Kodak Co., died Thursday. He served as president of the camera equipment company from 1925 to 1934 when he became chairman of the board. He was chairman from 1941 to 1957. He began his career as a portrait photographer in Louisville, Ky.

## Miss Saugerties Pageant Judges Are Named Today

Five judges for this year's Miss Saugerties pageant at Sacks Lodge, Katsbaan Saturday were named by Mrs. Joan Feldmann, pageant director.

They are:

Mrs. Elizabeth Ruffner, wife of Edmund "Tiny" Ruffner of High Falls, is a well-known model of the Walter Thornton and John R. Powers Agencies. Mr. Ruffner was a judge of the 1958 panel which selected Moira R. Altevogt of West Camp. Mrs. Ruffner, a beauty queen winner before settling in High Falls, appeared in Earl Carroll's revue, "Broadway to Hollywood," in 1938. She also had a few roles in movies produced by MGM, Warner Brothers, and Paramount. She swam competitively free-style and back stroke for the St. George Dragon Club.

Mrs. Mona Smith, the Prudence Penny of the Albany Times-Union is a well-known newspaper, radio and TV personality. She formerly was employed with station WOKO, Albany as women's program director and on WRGB-TV had her own interior decorating show. She also conducted a modeling agency. A resident of Albany, she is a fashion stylist and the mother of two teenage daughters.

Ted Ralph, now under contract to CBS-TV as a set decorator, has been associated with Studio 1, U. S. Steel Hour, Hit Parade, Vic Damone Show and the CBS Spectacular. He is currently associated with the Andy Williams Show. A resident of New York City, he was a pilot with the RAF during World War 2.

## State Still Controls Final School Exams

The opinion prevails in some quarters that the State Education Department has relinquished control over final examinations in the high schools of the state. This is not true, according to Dr. Grant D. Morse, superintendent.

Beginning this June, schools will not be required to send all regents papers to the department for review. Instead, a systematic review of the papers written will be conducted.

Each school will be asked to send to the department the papers written in a number of selected subjects. To provide a representative cross-section of the state, these selected subjects will vary from school to school, Dr. Morse said.

Commencement exercises were held this week in four Saugerties elementary schools—Main Street, Mt. Marion, Glasco and North Flatbush.

Exercises for 113 graduates were held Thursday afternoon at Main Street School. Following the opening ceremonies and processional by Miss Janice Peterson, music supervisor the program included the following:

Hymn—Announced by Barbara Benjamin, 6A.  
Bible Selection—Richard Swart, 6C.  
The Lord's Prayer—Led by Linda Ann Howard, 6L.

Salute to the Flag—Led by Edward Pavlinik, 6B, and song, "America the Beautiful."  
Welcome, Norman W. Bolinder, principal.

Tribute to graduates—Mrs. Dorothy Adams, sixth grade teacher.

Remarks—Dr. Grant D. Morse, superintendent of schools.

Presentation of Diplomas—Miss May Evans, grade supervisor.

Song—"Alma Mater," members of graduating class, and recessional, Miss Peterson.

**Mt. Marion School**  
Twenty-four graduated from the sixth grade at Mt. Marion School Thursday morning.

Following the opening ceremonies Edward Leonard, principal, addressed the assembly.

Dr. Morse delivered the principal address and Miss Evans presented the diplomas.

**Glasco School**  
At the Wednesday commencement at Glasco School 34 sixth grade students graduated.

Following the welcome by Allen Gardner, class president, the following program was offered:

Address by Dr. Morse; presentation of the class by Patrick Buonfiglio, principal and presentation of certificates by Miss Evans. Music interspersed the program.

**North Flatbush**  
At North Flatbush nine graduated from the sixth grade Tuesday.

Exercises for 113 graduates were held Thursday afternoon at Main Street School. Following the opening ceremonies and processional by Miss Janice Peterson, music supervisor the program included the following:

## 11 Boys State Representatives Feted by Legion

Ten Ulster County selectees and one alternate chosen to attend the 1959 American Legion Boys State at Colgate University, Hamilton next week were guests of honor at the annual testimonial reception and dinner Thursday night at Broglie's Restaurant, West Park.

Attending with them were county Legion officials, Boys State chairman and commanders representing each Legion post in the county.

**Leave on Sunday**  
The 10 selectees leave Sunday morning by bus which leaves Poughkeepsie about 9 a. m. and will pick up the boys along the route north. The bus will pick up 12 Dutchess County Legion selectees, cross the Mid-Hudson Bridge and make stops at Highland Park and Saugerties for the other youths.

County Boys State Chairman P. J. Beichert of Town of Esopus Post, toastmaster at the dinner, offered a proposal that a reunion dinner for alumni of Boys State for the past 13 years be staged each year by the county organization. The matter will be discussed at a special meeting of Boys State chairman. Special guest was Henry D. Werle of Poughkeepsie, Dutchess County Boys State chairman, who spoke to the gathering. Ulster County Commander Edgar Maurer of Town of Esopus Post also spoke.

**Outlines Arrangements**  
Thomas Bohan of Kingston Post, who will serve as counselor during the sessions at Hamilton, outlined final details and arrangements. Beichert listed the schedule of the Mountain View Coach driven by Joseph Sweeney of Saugerties. He said there would be additional seats available for any member wishing to make the round trip the same day.

Bohan said when the boys reach Hamilton they will be assigned to cities in a model government. During the week the boys will conduct political campaigns and elect their own state, city and county officers. Activities will include athletic competitions and a talent show.

## More Allies Concessions, Net Result of Geneva Talks

By JAMES MARLOW  
Associated Press News Analyst  
WASHINGTON (AP) — The Big Three Western Allies, although stopping short of a complete breakdown, have made major concessions to the Russians on Berlin. In fact, the West has made concessions from the start.

It was more than six months ago that Premier Nikita Khrushchev told the Allies to get their troops out of West Berlin or he would turn over to the East German Communists control of the supply routes to the city. The Allies could have said then:

**Suggested Talks First**  
"We stay. Now let's see you make good on your threats. If you try force, it will be met by force." Instead, to avoid a conflict which might lead to war, the United States, Britain and France suggested to Russia that all four try to negotiate a peaceful settlement. The result was the foreign ministers meeting in Geneva.

The net result—after six weeks of these talks—has been more concessions by the Allies, this time as the talks seem to be reaching a climax which may bring some kind of settlement or blow up the whole meeting.

From the beginning the Allies have insisted they had a right—stemming back to World War II agreements—to keep their troops in West Berlin. Although that city

## Utica Prosecutor Is Armed Today With New Powers

ALBANY, N. Y. (AP) — The special state prosecutor investigating vice and crime in Utica and Oneida County today was armed with new powers—to crack down on tax evaders and anyone attempting to interfere with his year-old probe.

Special Prosecutor Robert Fischer received the additional weapons Thursday from Gov. Rockefeller, who said they were asked by Atty. Gen. Louis J. Lefkowitz.

**Fuels Probe Necessary**  
In New York City, Lefkowitz said that he acted at the request of Fischer and that Fischer "feels it necessary" for the investigation.

The inquiry indirectly was triggered by the Alachin gangland convention in November 1957. The presence of 60-odd hoodlums at the conclave of 60-odd hoodlums and friends caused crime investigators to look into conditions in Utica.

Fischer said in Binghamton that the governor's directive would enable his office, rather than tax officials, to prosecute tax violators. It appeared that some persons who have figured in the investigation would face state income-tax charges.

**Declines Comment**  
Rockefeller's order directed Fischer to prosecute any attempts to "obstruct, hinder or interfere" with the probe.  
Fischer declined to comment on that portion of the order.

Last month, Utica police suspended — then quickly restored — the license of a taxi operator who testified for the prosecution at a prostitution trial.

The license was restored shortly after Fischer asked the extraordinary grand jury convened for the probe to determine whether the license-suspension was an attempt at retribution resulting from the cab-driver's testimony.

**No Jury Report Yet**  
The grand jury had not reported on the case.  
The special state probe of the county and Democratic — control of Utica was ordered by former Gov. Averell Harriman, a Democrat. He acted after witnesses before the State Investigation Commission claimed there was widespread vice and crime in the city and county.

Some witnesses indicated that a few city officials might be involved.  
In June 1958, Lefkowitz designated Fischer to conduct the probe. Fischer superseded Dist. Atty. James M. Liddy for the investigation.

A special trial term of State Supreme Court was ordered by Harriman last October in connection with the inquiry.

## President Calls People Losers in Strauss Defeat

WASHINGTON (AP) — President Eisenhower said today that the American people are the losers in what he called the sad episode of Senate rejection of Lewis L. Strauss as secretary of commerce.

## Financial and Commercial

NEW YORK (AP) — Merger plans for Texaco and Superior Oil of California enlivened an otherwise dull and listless stock market early this afternoon.

Shares of the two big oil firms, whose combined operations would control an estimated eight per cent of the total oil production of the United States, advanced in active dealings.

Throughout the market list as a whole, however, changes were mostly narrow and the general trend was mixed. Steels spurred for a while, showing gains of 1 or 2 points, but then fizzled.

The proposed exchange basis of 24 shares of Texaco for each share of Superior Oil found Texaco unchanged at the opening while Superior was up 60.

Gains of about 2 points by Lukens and Youngstown Steel featured the spur by steels. Lukens wiped out the entire gain. Youngstown remained up more than a point. U.S. Steel canceled a 1-point gain and Norwalk Pharmaceutical were up about 2 apiece while Merck held a fractional gain and Pfizer was down slightly.

Losses of around a point were shown by General Tire, Goodyear and Du Pont.

## Strauss Setback

Eisenhower's next step would be. **No White House Comment**  
"There will be no comment from the White House at this time," Press Secretary James C. Hagerty said shortly after the vote.

It was not known whether Eisenhower was advised immediately of the post-midnight rejection.  
Strauss issued a statement thanking Eisenhower and the senators who had voted for him.  
"I have done the best I knew how to do — to protect and defend the national security even when that was not the recognized, nor easy, nor popular course of action at the time," he said.

**Outcome in Doubt**  
"I leave with confidence that history will be just."  
The outcome had been regarded as in doubt right up to the last, and it hung in the balance almost until the final vote was recorded.

Johnson immediately asked that the President be notified, a customary courtesy to speed papers to the President once his nominations are confirmed.  
In this case, however, Senate attaches said that as soon as the President is officially notified of the Senate's action, Strauss will go off the payroll.

He has been serving as secretary of commerce since last November under a recess appointment made by Eisenhower while Congress was not in session.

Strauss' nomination was submitted to the Senate last Jan. 17. Opposition to it gradually gathered momentum during 16 days of stormy hearings by the Senate Commerce Committee, which last month recommended confirmation by a 9-8 vote.

**Started June 5**  
Debate got under way in the Senate June 5. It went on sporadically for two weeks. Then Johnson suddenly served notice shortly after the Senate met at noon Thursday that the Democrats were ready to vote.

With three Republican senators away, Strauss supporters immediately began a round of delaying speeches while urgent calls were put in for the absent members.

Sens. Thurston B. Morton (R-Ky), chairman of the GOP national committee, and Wallace F. Bennett (R-Utah) spoke to Washington by plane from the West in time to vote.  
However, Sen. Milton R. Young (R-ND), another supporter of Strauss, was still winging his way to the capital in a jet plane when the vote was taken.

**Fulbright Not Recorded**  
But to balance off the absence of Young, Sen. Mike Mansfield (D-Mont.) agreed to withhold his vote against Strauss in what the Senate records as a pair.

The only senator not recorded was Sen. J. William Fulbright (D-Ark.), who was reported by Senate attaches to be ill.

## Resolution on Bids Defeated By Lack of Unanimous Vote

A controversial resolution on state bids was defeated and two other resolutions were tabled at last night's sparsely-attended meeting of the Woodstock Town Board.

Supervisor Joseph Fitzsimmons, chairman of the Board, cast the negative vote which defeated a motion by Justice of the Peace Dixon McGrath which would have "urged" all departments of the town to make use of the State Department of Standards and Purchases on all bids more than \$1,000.

Councilman Tobie Geertsema, the independent member of the Board, voted for the McGrath resolution, but since a bare quorum of three members was present, the 2-1 vote nullified it. A majority of the Board of five must support a resolution unanimously to pass it. Councilman John Pike and Justice of the Peace Charles R. Farley were absent.

The 2-1 vote is believed to have terminated a controversy that has raged with the Town Board for the past several months. Arguments advanced last night were substantially the same as those which have been repeated many times in the past.

**Urges Initiative**  
Councilman McGrath said the Board should take the initiative to urge other departments to seek state bids on purchases of more than \$1,000. He said the price listings of the Bureau of Standards and Purchases should be consulted before such bids are let out.

Supervisor Fitzsimmons reiterated his previous position that purchases of \$1,000 or more are relatively scarce, except for fuel oil, and he felt the town could do just as well dealing with local merchants. He also emphasized that the board had no legal jurisdiction over expenditures made by the town superintendent and highways, fire department and other components of the town. Attorney Abram F. Molyneux, who serves as legal adviser to the board, said it would be "presumptuous" on the part of the board to dictate to the

other departments how they should spend their money.

**Geertsema Asks Meeting**  
Councilman Geertsema said that, although Supervisor Fitzsimmons and she had made separate trips to Albany to the bureau, the board had never really sat down in a body to discuss the matter of state bids. She suggested that the entire board meet some time in the future to check the whole picture.

Another motion by Councilman McGrath that the present regulations governing use of the Town Hall by local organizations be relaxed was tabled at the suggestion of Supervisor Fitzsimmons, who said he felt the matter was one which a full board should discuss.

McGrath's resolution sought to relax the present rules which limits organizations use of the Town Hall to not more than once a year. The hall is used nightly, except Thursdays during the summer season which extends to Oct. 1 and would be available three nights a week during the so-called winter season.

**Political Clubs Included**  
McGrath said he felt local organizations should be encouraged to use Town Hall to make it a center of village activities. He named several organizations, including the Republican and Democratic clubs, as potential occupants of the town hall on the 12th night of the month. Supervisor Fitzsimmons dissented from the proposal to permit political clubs use of the hall.

Councilman Geertsema took no part in the discussion, which resulted in Supervisor Fitzsimmons' suggestion to table it, after McGrath had asked the right to include political clubs.

The supervisor reported total monies received during the past month as \$129.25 for collections from licenses, chattels, etc.; town clerk fees of \$48.25 and \$6.34 state aid for the highway fund.

The board extended for another year a trailer permit granted in 1958 to Robert Lindrith of Zena.

## Rare Accolades For OCS Student Alberta Fox

Alberta Fox, a member of the Ontario High school band, was one of the few triple-A winners in New York State Music competition history. It has been announced by Harry Simon, instrumental music director of the Ontario Central School District.

Miss Fox was awarded an A6 rating on baritone horn as a soloist in the state competition held at Port Chester, N. Y., on May 23. The adjudicator, Donald Judd of Greenwich, N. Y., had many fine comments on this young musician's performance. He was particularly impressed with her outstanding musicianship, technique and fine tone quality.

Miss Fox, on May 15, also entered the New York State School Music Association competition at the Rye High school in Rye, N. Y., and was awarded an A4 in voice competition and an A4 as a piano soloist.

**Has Summer Scholarship**  
This talented young lady has been awarded a summer music scholarship to attend the famous Westminster Choir College in Princeton, N. J. She will voice with Earl Proper, Ontario High school's choir director, and piano with Miss Amelia Altamirano of Kingston.

In adjudicating soloists, a rating of "A" is considered an excellent performance and Grade 6 is considered the most difficult of all music. The highest rating is designated as A6.

Upon graduation from Ontario, Miss Fox expects to enter one of the nation's leading music conservatories.

## Norma Thompson Gets BA Degree At Hobart

Norma Thompson of Woodstock received the degree of Bachelor of Arts summa cum laude at the Hobart and William Smith Colleges commencement at Geneva on June 11.

Miss Thompson is a member of Phi Beta Kappa, the only student in her class to receive this honor in her junior year. She was a member of the International Relations Honor Society and the Newman Club. She will study German in Austria this summer on scholarship and plans to study sociology in a German university this fall.

## High Honors for John I. Boswell At U. of Virginia

John Iversen Boswell of Woodstock has been graduated from the University of Virginia with a Bachelor of Arts degree, with honors.

Boswell was among 862 men and women representing 35 states, the District of Columbia and 16 foreign countries in the 1959 graduating class which received degrees from the ten academic and professional schools.

Following the conferring of degrees by the various deans, the graduates and their guests heard an address by Colgate W. Darden Jr., who at the end of the summer will retire after serving 12 years as president of the University of Virginia.

Exhorting the graduates to live their lives in the high ideals of the University's founder, Thomas Jefferson, President Darden said:

"Smugness, self-satisfaction and intellectual mediocrity are to be avoided like a deadly plague, and it must be borne in mind that traditions are no substitute for accomplishments."

## Second Exhibition At The Art Gallery

The second exhibition of the season of the Woodstock Artists Association, currently on view at the Art Gallery, consists of drawings, paintings and sculptures.

The works of nearly 50 Woodstock artists and sculptors are represented. This exhibition will run all through next week until Friday, June 24.

The gallery is open every afternoon, week-days and Sunday. There is no admission charge. A new show, the season's third, will consist of painting and sculpture and will open Saturday, June 27.

## Charges Withdrawn In Malden Man's Case

In the case of a Malden man, arrested June 11 for obtaining personal property under false pretenses, L. Roger Mickle, 37, made restitution and the information was withdrawn by the complainant before Saugerties Village Police Justice G. Thomas Rea Thursday night.

Mickle was arrested on a warrant signed by Mrs. Margaret Rudolph, 25, of Saugerties. Justice Rea said it had been reported to him that restitution was made and the complainant withdrew charges.

According to the information, Mickle had the East Bridge Street woman sign her automobile valued at approximately \$185, over to him under false pretenses. It was reported by Patrolman Donald Sullivan of Saugerties police, at the time of the arrest.

The case of Warren Christiana, 63, of Glasco, charged with leaving the scene June 6, was adjourned to Thursday, June 25 at 7:30 p. m. before Justice Rea.

Saugerties police reported that Christiana was alleged to have struck the car of Andrew Talmadge June 6 while it was parked on Partition Street.

## Missouri Synod Elects President To His 9th Term

SAN FRANCISCO (AP) — By a 66-vote margin, Dr. John W. Behnken, 75, of St. Louis, remained in office today as president of the Missouri Synod's 2½ million Lutherans for a precedent-shattering ninth straight term of three years.

The staunch advocate of strict adherence to Lutheran doctrine won out on the fourth ballot on Thursday, 377-311, at the synod's 44th convention. He beat down an unexpected challenge of Dr. Oliver Harms, 57, a vice president from Houston, Tex.

Dr. Behnken's 24-year tenure had tied the presidential record of Dr. Fred Potentiauer and the pre-convention talk had been that he faced no serious opposition.

A 27-man committee wrestled with the problem of how to accumulate and spend more than 144 million dollars over the next six years.

The six-year program, already before the convention for study, envisions spending \$53,542,083 on missions and \$64,625,000 on higher education, including 12 millions for new campuses.

## National Guard Takes Off Lid On Enlistments

"For the next 12 days, the lid is off on enlistments in the New York Army National Guard units in Kingston and Poughkeepsie and eligible young men with or without prior service are urged to inquire immediately at the State Armory concerning National Guard service and the new six-months active duty for training program." Lieutenant Colonel Frank W. Harkin, commanding officer, 1st Howitzer Battalion, 156th Artillery, announced today.

The recruiting program now in effect will close on June 30th. A State-wide campaign is being conducted by Army National Guard units with special emphasis locally on personnel who prior service personnel who would be eligible to attend summer training at Camp Drum, New York 26 July to 8 August; and young men who can take advantage of a practical plan for fulfilling their military obligation in the six-months active duty training program immediately upon enlistment, a spokesman for the 156th stated.

In view of the necessity for physical examination and processing of enlistment papers, eligible young men are urged not to delay investigating the details of the enlistment program, it was emphasized. Over 470,000 Army and Air National Guardsmen make up the strongest reserve force in peacetime history.

Under the Reserve Forces Act of 1955, all persons entering the Armed Forces initially after 10 August 1955 assume a six-year obligation. National Guardsmen receive full pay during the six months training. Army Reservists do not.

Luck Rides With Bad Bid

BY OSWALD JACOBY

Written for NEA Service

It was the last round of a duplicate and everyone was trying for a top score. East started out with his three club bid and if South had passed he could have acquired his top score the easy way.

North would double for take-out but South would leave it in and open a spade. Eventually East would be down four tricks. South got his top the hard way. He bid three hearts and after North jumped to five South went on to the slam.

He had no play at all for it with a spade opening but West opened the ten of clubs. South still had no play but with West's help he made the hand.

He won the first trick and laid down the jack of hearts. Without stopping to think West blindly followed the rule of cover an honor with an honor and went up with the king. Now dummy's ace dropped the king and queen together and after drawing the rest of the trumps

**ROK Soldier Killed**  
 SEOUL (AP) — One South Korean soldier was killed and six others wounded Thursday in a gun battle with three unidentified intruders about 12 miles south of the demilitarized zone between North and South Korea.  
 The U.N. command said one of the intruders had been killed and the other two captured. Presumably they were infiltrators from Communist North Korea.

**Riot Area Quiet**  
 DURBAN, South Africa (AP)—The nonwhite townships of Cato Manor and Chesterville were reported quiet this morning after a night of riots and arson in which three Africans were killed. Strong police patrols remained in the area.  
 The Africans were killed after rioters attacked a police picket in Cato Manor. Police used rifles and machine guns against the rioting Negroes. About 30 Africans were hospitalized. Three policemen were injured.  
 The riots were touched off by government regulations forbidding Africans from brewing their own beer at home.

## With Pilots Board

ALBANY, N. Y. (AP) — Frank W. Dunham Jr. of Albany was named by Gov. Rockefeller today to the Board of Commissioners of Pilots.

Dunham is general manager of the Albany Port District Commission.

The commissioners administer

the state law requiring pilots on vessels travelling the Hudson River between New York City and Albany.

Members of the board serve without compensation.

Dunham was named to a term ending March 27, 1961.

The 1959 Legislature increased the board membership from five to six. He fills the new post.

AMERICAN EXHIBITION IN MOSCOW—Model shows the buildings and landscaping for the American National Exhibition in Moscow. The exhibit, opening in July and running for six weeks, is in the city's Sokolniki Park. In foreground is the science building, housed under a huge aluminum dome. Cultural and technological exhibits will occupy fanlike structure behind dome. By reciprocal agreement, the U.S.S.R. will exhibit this summer in New York.

## PLATTEKILL NEWS

PLATTEKILL — The biennial election of officers of the Ulster County Pomona Grange was conducted at a meeting held at Ulster Grange, Friday of the past week.

The following local people were elected to office: Charles T. Everett, master; Mrs. Charles Franklin, lecturer; Miss Bessie Powell, Pomona; Charles Franklin, gatekeeper.

At a recent meeting of the county organization at Ulster Park Grange, members of the Plattekill Grange assisted in presenting the program of entertainment, as one of three Granges scoring highest in the visitation meeting.

Representatives from fourteen granges in Ulster County attended the cooking demonstration, when Miss Dorothy Rhodes, of Newburgh, home demonstrator for the Central Hudson Gas and Electric Corp. demonstrated a new electric range.

Mrs. Charles Franklin was chairman of general arrangements for the demonstration.

On Saturday evening of the past week, the program presented at the regular meeting of the organization, the topic of "Lighting Our Way to Better Living," was arranged by the Service and

Hospitality Committee, with Mrs. Elmore Lozier, as chairman.

Serving on the refreshment committee were Mr. and Mrs. Elmer Fries, Mr. and Mrs. Albert Bruning, Calvin Terwilliger, Mr. and Mrs. Arthur Newkirk, Mr. and Mrs. C. E. Thorne, Mr. and Mrs. Wilbur Van Wyck, Miss Bessie Powell, George Miller and Norman Hicks.

In charge of the program of entertainment Saturday, June 27, will be Mrs. Burton Van Aken and Miss Arlene Bernard of this area and Mrs. George Lars of Gardnertown.

The Plattekill Lions Club met Wednesday evening at the Oddo House near Clintondale. Onufry Orlovski conducted his final meeting as president.

Newly elected officers were installed Saturday evening, June 13 at the Oddo House. Local members were first vice-president, Merton Jenkins; and tail twister, Ralph Jenkins.

Other officers installed were President, Robert Ciaffone; second vice-president, Anthony Oddo; third vice-president, Joseph Locoscia; secretary Russell Croce; treasurer, Lester Cohn; Lion tamer, Michael Kalamucki. Directors are Joseph O. Hasbrouck, Fred Fowler, Andrew Monroia and Joseph Sinagra.

Merton Jenkins and Onufry Orlovski were appointed delegates from the local unit, at the Lions Club State Convention held at Lake Placid this week.

Members of the Plattekill and Rossville Methodist Church will hold their annual strawberry festival and ham supper Saturday at the Plattekill Grange Hall. The supper will be served at 6 p. m. and continue until all are served. Walter Loetscher is chairman of the ticket selling committee.

Among the members of the senior class, graduating from the Walkkill Central High School, are local students Barbara Langlitz, Barbara Dawes, Nerida Perez, Theresa Martinez, Jon Evans. Receiving athletic awards were Jon Evans, Gene and Ralph Bilbao, Chester Howard, Danny Feldt, Ronnie Martinez nad Margaret Kopaskie. Evans received the Broas Trophy, as best team player of Walkkill Central School varsity athletes.

Mrs. Ira Merwin left recently to visit her son, Charles Thompson and family in Denver, Colo.

Local members of the Public Health Nursing Committee of the Town of Plattekill, including Ardonia and Modena members, will attend the annual picnic to be held Thursday, June 25, at the home of Mrs. Albert Molson, Modena.

## Gypsy Moth Trap Survey Planned To Control Pest

The Plant Pest Control division of the U. S. Department of Agriculture will conduct a trapping survey for the gypsy moth in New York State from the latter part of June to early September, and the survey will include all but the easternmost townships in Ulster County.

A total of 14,000 traps will be used in southern and central New York, of which 4,500 traps will be placed throughout Rockland, Orange and Sullivan Counties, the western section of Greene County and parts of Ulster County.

After the traps have been placed they will be tended at approximately weekly intervals by department employees. Area residents are urged to cooperate by permitting the trappers ready access to their lands.

Gypsy moth traps are completely harmless to man and domestic animals. Each trap is a tin can, painted olive-drab and fitted with special cardboard ends. The trap baited with a lure attractive to male gypsy moths, is hung from the limb of a tree or shrub. Moths attracted

by the scene are captured when they come into contact with the sticky paper which lines the trap. The purpose of the current trapping survey is two-fold. First, it will check on the effectiveness of past spray programs; and second, it will indicate the extent of spread of the gypsy moth in the unsprayed area.

Chevy  
Gives You  
Smarter Style  
Today...

Don't take it from us—take it from independent experts and from facts and figures that are now a matter of record. POPULAR SCIENCE sums up Chevy's unmistakably modern style this way: "The fact is, in its price class Chevy establishes a new high in daring styling..." This is one more reason your new Chevrolet will bring a higher allowance at trade-in time, as Chevy has over the years. A look at last year's used car prices\* shows Chevrolet averaged up to \$128 more than comparable models of the other leading low-priced two.

\*Based on official Guide Book figures of the National Automobile Dealers Association.

PLUS 5 MORE BIG BESTS OVER ANY OTHER CAR IN CHEVROLET'S FIELD!

**Best Brakes.** Chevy showed the best brakes of the leading low-priced three in repeated highway speed stopping tests conducted by NASCAR.\* And no wonder. Chevrolet's brakes, built for up to two-thirds longer lining life, are the biggest in the low-price field.

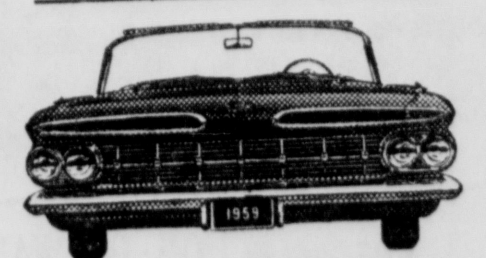

\*National Association for Stock Car Advancement and Research.

**Best Engine.** Every motor magazine has given Chevy's standard passenger car and Corvette V8's unstinted praise. As SPORTS CARS ILLUSTRATED puts it: "Indeed, this device is surely the most wonderfully responsive engine available today at any price."

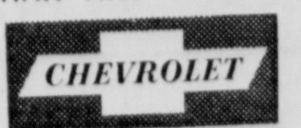

**Best Economy.** No doubt about this: a pair of Chevrolet sixes came in first and second in their class in this year's Mobilgas Economy Run—getting the best mileage of any full-size car.

**Best Room.** Official dimensions reported to the Automobile Manufacturers Association make it clear. Chevy's front seat hip room, for example, is up to 5.9 inches wider than comparable cars.

**Best Ride.** A few minutes behind the wheel will leave no doubt about this. MOTOR TREND magazine sums it up this way: "... the smoothest, most quiet, softest riding car in its price class."

NO WONDER MORE PEOPLE ARE BUYING CHEVROLETS IN '59 THAN ANY OTHER CAR!

See your local authorized Chevrolet dealer for the best buy on the best seller!

MR. AND MRS. GEORGE B. SMITH  
(Nitsch photo)Elizabeth Ann Smith Wed Sunday, June 7  
At St. Peter's Church in Rosendale

Miss Elizabeth Ann Smith, daughter of Mr. and Mrs. John L. Smith of High Falls, wed George Bernard Smith, son of Mr. and Mrs. Raymond Smith of High Falls, Sunday, June 7, at St. Peter's Church, Rosendale.

Officiating clergyman was the Rev. John F. Curry, assistant pastor.

Mr. and Mrs. James Sweeney provided the music.

White gladioli and baby's breath decorated the church for the occasion. The pews were marked with white satin bows.

Given in marriage by her father, the bride wore a gown of white silk organza appliqued in re-embroidered Alencon lace with seed pearls, accented a scoop neckline. The bouffant skirt terminated in a chapel train. He risked illusion veil was held by a crown of pearls and she carried a cascade bouquet of stephanotis with a white orchid and green ivy.

Mrs. Edward Hearst of Morgan Hill Road, was matron of honor. She wore a full length starched chiffon gown with taffeta cummerbund. The back of her gown was draped in bustle style with taffeta sash and bow. A picture hat of starched chif-

fon and taffeta completed her outfit. Mrs. Hearst carried a fireside basket of white daisies and baby's breath.

Dressed in gowns styled identically to that worn by the honoree or attendant except in colors of aqua, pink and green, were the attendants, Miss Kenneth Smith of Rosendale, sister-in-law of the bridegroom; Miss Valerie Smith, the bridegroom's sister from High Falls; and Mrs. Donald Walsh, Lawrenceville, the bride's cousin.

The attendants carried fireside baskets of yellow, pink and blue daisies.

Kenneth Smith of Rosendale was best man for his brother.

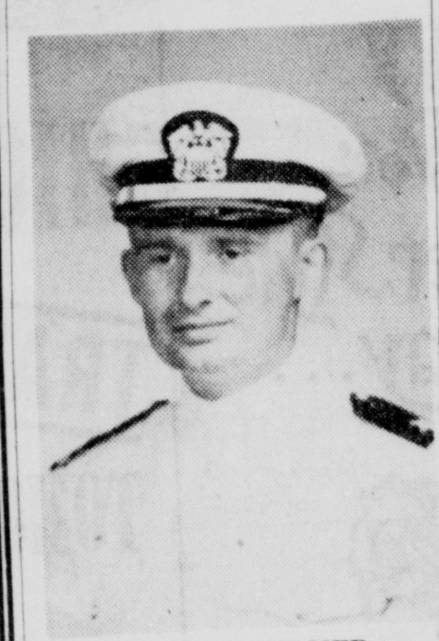

Ushers were Wallace Moore of Saugerties, Edward Hearst of Kingston and John L. Smith of High Falls, the bride's brother.

A wedding reception was held at Sportsman Park in Rosendale.

The bride and bridegroom are both graduates of Kingston High School and are employed by IBM in Kingston. Mr. Smith also served with the U. S. Army.

For her wedding trip to Pennsylvania, the bride wore a powder blue suit with white accessories and a white orchid.

Mr. and Mrs. Smith will reside in Rosendale.

Helmer Graduates  
From Notre Dame

JOHN B. HELMER

John Benjamin Helmer, son of Mr. and Mrs. J. S. Helmer of 22 James Street, Rosendale, was graduated from the University of Notre Dame, Sunday, June 7, at the 114th annual commencement.

The commencement address was delivered by John A. McCone, chairman of the Atomic Energy Commission. The blessing was given by His Eminence Franz Cardinal Konig, Archbishop of Vienna, Austria, and the degrees were conferred by the Rev. Theodore M. Hesburg, CSC, president of the university.

Mr. Helmer is a graduate of St. Peter's School, Rosendale, and of Kingston High School.

While at Notre Dame, he was a member of the Junior Chapter of American Society of Civil Engineers and was program coordinator of the Naval Institute Society. He received his commission as Ensign U. S. Navy, from Captain Z. T. Morse and will report for duty aboard the U. S. S. Thuban in Norfolk, Va., on June 22.

Doctor of Dental  
Medicine Conferred  
Upon Louis Adler

LOUIS K. ADLER

Louis K. Adler received the degree of Doctor of Dental Medicine, cum laude, June 7 at commencement exercises in Medford, Mass., of Tufts University School of Dental Medicine. He was fourth in his class. Dr. Adler is the son of Mr. and Mrs. Milton Adler of 236 Clinton Avenue.

Dr. Adler was one of eight senior students to receive an award for outstanding clinical ability presented by the Tufts University Dental Alumni Association.

His award was for Prosthetic Dentistry, Crown and Bridge. In March he presented a table clinic on Fixed Bridge work at the annual meeting of the Alumni Association.

He was also one of the 10 students selected as an advanced student in operative dentistry and one of a selected group participating in an elective orthodontics course in his junior and senior years. This group received certificates for presenting a table clinic on orthodontics for the family dentist at the annual meeting of the Massachusetts Dental Society in May.

At Tufts Dental School, Dr. Adler was secretary of his class during his junior and senior years. He was editor of the Tufts Dental "Outlook," a student and alumni publication for the students and alumni, and he was on the literary staff of the "Explorer," the class yearbook. He is a member of Alpha Omega Dental Fraternity.

Dr. Adler attended Horace Mann School for Boys prior to moving to Kingston from New York City. He was graduated from Kingston High School in 1952 and then attended Cornell University. At Cornell he was a member and officer of Phi Epsilon Pi Fraternity and was on the staff of the Cornell Radio Station. He will enter the army in July as a first lieutenant in the Dental Corps.

## PASSING THROUGH OLD FRIENDS' CITIES

Dear Mrs. Post: My husband and I are taking a cross-country trip by car and will pass through certain cities in which we have friends. Most of them we haven't seen in years. I think it would be a splendid opportunity to renew these old friendships. To avoid missing them when we're in their towns, could we write on and give them some idea of when we expect to come through. Would this obligate them to anything?

Answer: If you write ahead of time they will probably think that you expect them to invite you to a meal. I would suggest that you wait until you arrive in their towns and then telephone to see if they are home and say that you would like to stop by to see them for half an hour or so.

## Introducing a Passing Friend

Dear Mrs. Post: The other day while lunching with a friend of mine, another woman friend whom I had not seen for a long time came into this same restaurant and as she passed our table, stopped and spoke to me for a few moments. I did not introduce her to the woman with whom I was lunching, and have since wondered whether I should have done so. I never know what to do in a situation of this kind. Will you please set me straight?

Answer: If the person with whom you were lunching was busy looking at the menu or otherwise occupied, it was not necessary to introduce her. But if she sat there doing nothing and the other person lingered at your table, then you should have introduced her.

## Serving Applesauce

Dear Mrs. Post: When applesauce is served with the main course, should a teaspoon be provided? We serve it in little glass cups when have pork and ham.

Answer: A teaspoon is really not correct. It should be eaten with your fork, whether you eat it directly or whether you put in on your meat plate.

Mrs. Post offers readers leaflets on a variety of subjects concerning etiquette. If you would like to have her leaflet E-4, entitled, "Wedding Expenses," send 10 cents in coin to Dept. E.P., care of The Kingston Daily Freeman, P. O. Box 99, Station G, New York 19, N. Y. Mrs. Post is sorry she cannot answer personal mail.

## Area Women Attend Open House in Troy At Home for Aged

More than 350 women from more than a dozen communities along the Eastern boundaries of New York State attended an open house tea-luncheon Tuesday, June 16, at the Jewish Home for the Aged, located at Troy.

It was the largest single gathering of women at the home since its founding in 1941, according to general chairman, Mrs. Edgar E. Fisher of Albany.

Troy and Schenectady, local chairmen were assigned in each community and special buses were employed in many areas to bring the large delegation to the home.

"It was a gratifying experience for the many women in attendance who had never had a previous opportunity to see the home in operation," Mrs. Fisher said. "Each was able to tour the many-winged institution and see the superb care that our elders receive in a home nationally recognized as one of the country's outstanding in the care for the aged."

Among those speaking during the special program were: Mrs. Fisher; Dr. Walter S. Gross, home president; Edward Lerner, home senior vice president; and Abraham Kostick, home administrator.

The home presently provides care and service to 84 men and women from 21 eastern New York counties. This includes former residents of this area.

Serving as chairmen were: Albany — Mrs. Jewell Brand; Troy — Mrs. Rose Epstein; Schenectady — Mrs. Morton

## Empire State Music Festival to Reopen At New Location; Program Is Announced

By DOROTHY A. NAREL  
Freeman Society Editor

The Empire State Music Festival, which received a "kiss of death" on August 21, 1958 at Ellenville when a storm hit the tent as 1,700 persons waited for the curtain to go up, has been rejuvenated and will re-open July 10 at the Anthony Wayne Recreation Area, in Bear Mt.-Harriman State Park.

The Festival is sponsored by the Sterling Forest Scientific Research Center in cooperation with the Palisades Interstate Park Commission. Frank Forest is general manager.

The 1959 season will feature again the Pizzetti opera, "Murder in the Cathedral" which is based on a drama by T. S. Eliot. Laszlo Halasz will again conduct the new work on Friday, July 24 and Saturday Aug. 1, at 8:30 p. m.

### Storm Closes Tent

It was with "Murder" that the Empire State Music Festival closed. A violent gust of wind had ripped a gaping hole in the \$50,000 tent earlier in the day weakening the tent structure. Just as the largest crowd of the 1958 festival season had settled down for the American premiere of the Italian opera, a cloud-burst, accompanied by thunder, lightning and driving rain made the tent unsafe for future use. Frank Forest made the announcement canceling all performances.

### Launched in 1955

The Empire State Music Festival

tival at Ellenville, which was launched in 1955, won immediate national and international recognition. It has featured many new works, outstanding musicians and Broadway hits.

Unfortunately, the financial outlook was never good. In 1957, a "last-ditch" effort was made to keep the Empire State Music Festival alive in Ulster County. In its third season that year, the Festival was \$75,000 short of its goal of \$200,000 required. Harry Resnick of Ellenville, chairman of the Catskill Mountain Civic Association, urged the citizens, at that time, to "support this venture now in its crucial year."

### Renewed Hope

In February of this year, promoters of the festival claimed the venture had been losing money since its birth in 1955. They also hoped that the new location, only 30 miles from New York City, would draw profitable crowds.

Frank Forest recently announced that the site in Ellenville may now be purchased for \$50,000. It was originally purchased for \$12,000 and a considerable sum was spent for development of the site as an "industrial park" for location of small industries has been suggested.

### Program for 1959

The Sunday issue of the New York Times announced the following summer program for the musical festival with a July 10 starting date.

Leopold Stokowski will conduct the Symphony of the Air on

Friday, July 10 at 8:30 p. m. in the American premiere of Khatchaturian's "Ode to Joy." This will mark the first performance of this work outside of the Soviet Union. Prokofiev's "Alexander Nevsky" will also be heard. Soloist will be Maureen Forrester, assisted by a Russian choir of 48 voices.

Entire proceeds of this concert will be donated to the Tuxedo Park School.

Saturday, July 11 and Friday, July 17, 8:30 p. m.—a full stage production of Richard Strauss' work "Ariadne auf Naxos" with Laszlo Halasz, conducting.

Sunday, July 13 at 7:15 p. m.—Villa-Lobos will conduct a concert.

Saturday, July 18, 8:30 p. m., the American premiere of a ballet, orchestral version, "Missa Brevis" by Kodaly with Halasz conducting. Eugene O'Neill's "Emperor Jones" will also be given, music of which was composed by Heitor Villa-Lobos. Both ballets choreographed and danced by Jose Limon and Company.

Sunday, July 19 at 7:15 p. m., Newell Jenkins will conduct a concert.

Friday, July 24 and Saturday, August 1, 8:30 p. m., "Murder in the Cathedral."

Saturday, July 25, 8:30 p. m., concert version of Stravinsky's "Oedipus Rex" with Stokowski conducting. Hugh Ross is choral director.

Sunday, July 26, 7:15 p. m., a concert with Wilfred Pelletier conducting.

Friday, July 31, 8:30 p. m., a full stage production of Handel's "Semele." Soloists will include Elaine Malbin, Elizabeth Pritchett, Kenneth Smith, Andre

## Girl Scout News

On June 30 a patrol of eight senior Girl Scouts, including three from Ulster County Council, one from Dutchess County Council, and four from Newburgh Council, will leave by train at 1:30 for New York where they will join thousands of other girls from all over the eastern part of the U. S. for the Senior Girl Scout Roundup in Colorado Springs.

At 11:30 at Poughkeepsie Inn a group of friends and relatives, fellow girl scouts and representatives from the councils will gather for a farewell lunch for the Roundup girls, and will accompany them to the train to see them off. Their tents, bedding, kitchen equipment, etc. have been shipped to Colorado Springs.

All spring the patrol has met once a month to train together for the Roundup, under the direction of adults from the three participating councils. Ulster County was represented by Mrs. David Ennis and Mrs. Kenneth Martin as trainers. Ulster County girls going to the Roundup are: Carol Gilman of Lake Katrine, Barbara Cohn of Woodstock (both members of Troop 4 at St. James Methodist Church in Kingston) and Frances Lynch of Wallkill, Troop 22.

Nine "alternates" also trained as patrol in order to be ready to fill in if one of the Roundup girls had to drop out for any reason, and the girls are planning a trip to Canada in August.

The leadership of Miss Judith Sharp, field director of the Dutchess County Council, and two other adults. They will visit Canadian camps and will camp along the way, setting up their own tents and doing their own out-door cooking just as the Roundup girls will do.

The Roundup patrol includes, besides the three Ulster County girls named, the following: Carol Marcy of Poughkeepsie, Joyce Lillioch, Donna Sprague and Susan Fraser of Newburgh and Patricia DePrima of Newburgh. The dates of the Roundup are July 1 to 14.

The alternate patrol includes the following: Nancy Diemer and Judith Babb of New Paltz; Christine Mathiesen of Modena, Elizabeth McGovern, Priscilla Sprague, Judy Sutherland, and Karen Redfern, Newburgh; Betty McGurk and Gwen Gould, Dutchess County.

### Family Camp

Five local families participated in the Family Camp Weekend at the Ulster County Council of Girl Scouts Camp Wendy in Wallkill June 13 and 14. Mr. and Mrs. Raymond Helmich and two children from Rifton, Mr. and Mrs. William Tegan and five children from Kingston, Dr. and Mrs. Theodore Smalton and Kathy, Mr. and Mrs. Schnitzer, and Mr. and Mrs. William Eckhardt from Hurley helped with the work of preparing the camp for the summer season, while enjoying overnight camping on the site with 18 other families

from Ulster County and adjacent areas.

A planned recreation program for the children, under the direction of Mr. and Mrs. Pat Cummings, Woodstock, assisted by Emily Bight and Mary Whitford from Kingston, kept all the children happy and busy while the parents help put up tents, paint, repair roofs and screens, clean the buildings and the site. A waterfront staff supervised swimming for all children and adults.

The families slept in tents, cooked over open fires, and found the experience so enjoyable that several have made reservations for specific sites for next year.

Among the additional families from throughout the county, who came to help either Saturday or Sunday, were Mrs. Ora Schneider, Mrs. Martha Minasian, Guy Rider, Miss Rosalyn Rattray, and Mr. and Mrs. Robert Harkins.

### Altar and Rosary Society Plans Second Fashion Show

At a business meeting of the Rosary-Altar Society of St. John's Church, West Hurley, St. Joan of Arc, Woodstock and St. Augustine's West Shokan, on June 10, plans were made for a second annual fashion show to be held in Woodstock in the fall.

The society welcomed a new member, Mrs. John Stork of Woodstock.

It's a good idea to buy green-tipped bananas that are free of bruises and let them ripen—become speckled with brown—in your own home at room temperature.

## Republican Women Hear Albert Kurd On Year of History

At a recent meeting of the Ulster County Women's Republican Club, held at the Governor Clinton Hotel, a report was given on the Third Judicial Meeting of the Women's Republican Clubs, held recently in Albany.

The president, Mrs. Bernhardt S. Kramer, also said that in this coming fall election the women would organize in both the city and county and help canvass for the fall election. The city canvassers will be under the direction of Mrs. Frederick H. Stang and the county, under the direction of Mrs. Raymond LeFevre.

Following the close of the business meeting, the guest speaker for the evening, Albert Kurd, manager of Kingston Area Chamber of Commerce, gave an interesting and celebrated Hudson-Champlain Celebration, which in New York State is the 350th anniversary of the discovery of the Hudson River. He said this celebration, emphasizes local history. It also has its economic benefits by bringing not only the right guests to our city, he stated, but also a great number of vacationers. Souvenirs and brochures are available in several local stores as well as at the Chamber of Commerce Office. Several thousands of these various brochures of Ulster County have been distributed among travel agencies and vacation spots, thus giving this county a great deal of favorable publicity.

Mr. Kurd also mentioned some of the highlights of various celebrations that will be in conjunction with the Hudson-Champlain Celebration. On July 14 the Town of Esopus will have an excursion from the Newcombe dock to New York City and back as did the Mary Powell. September 12 will be Empire State Day. Governor Rockefeller and several past governors are expected to be in Kingston.

A parade is also scheduled, ending with fireworks at night. After the close of the meeting, refreshments were served. Hostesses for the evening were Mrs. Walter Dunham and Mrs. Walter Canitz.

## Jaynees Report On Fall Plans

The regular meeting of the Kingston Junior Chamber of Commerce Auxiliary was held at the Governor Clinton Hotel on Wednesday, June 17 at 8 p. m.

Mrs. Seymour Werbalowsky, past treasurer, submitted the annual treasurer's report. Mrs. John Finch, chairman, reported on the bake and notion sale held at Montgomery Wards on May 22. Proceeds of this sale will be used to send two children to YMCA Camp this summer. Mrs. Chester Diffley was appointed chairman to handle arrangements.

Advance plans for the fashion show scheduled for September 10 were submitted by Mrs. Robert Gardiner and Mrs. Robert Rush, co-chairmen. Mrs. Gardiner also reported on appropriations to worthy organizations which will be announced later.

As a means of raising funds for welfare projects, the Jaynees voted to sell candles during the summer and early fall. Mrs. Warren Schoonmaker, Mrs. John Lawson, and Mrs. Albert Trowbridge will serve on the committee to handle sales.

Several worthwhile activities for children were discussed by the group. Mrs. Malcolm Hammond, Mrs. Thomas Stenson, and Mrs. Warren Schoonmaker will report on the advisability of these projects at the next regular meeting in September.

Mrs. William Sheldon, chairman, and Mrs. Malcolm Hammond will serve on the hostess committee to handle arrangements for regular meetings during the coming year.

### Milk Cow Price Highest Since '51

WASHINGTON (AP)—The average price for milk cows has increased to the highest level of record since 1951.

The Agriculture Department said, however, this price increase was not due to an increased demand for milk. It was due to an increase in the carcass value of dairy animals stemming from the rise in beef prices.

In short, milk cows can be used to produce milk and later have a high sale value when slaughtered for beef.

Milk production in 1959 is expected to show little change from the 1958 production of more than 125 billion pounds.

### Important Purchase

WASHINGTON (AP)—With a smile, President Eisenhower said at a Federal Housing Administration dinner Thursday night that there's only one purchase more important than buying a home.

"And that exception is, for the man, the purchase of a wedding ring," the President said. "And that wedding ring is the inspiration of a home and for purchasing it."

The dinner honored the FHA on its 25th anniversary.

### Ike Praises Marshall

WASHINGTON (AP)—President Eisenhower heaped praise Thursday night on his World War II Army chief, Gen. George C. Marshall. He also lauded the Federal Housing Administration.

The President joined about 1,300 other diners at an industry salute to the FHA on its 25th anniversary. In an informal talk he said the FHA has a record of miraculous financial stability.

## Lions Capture Babe Ruth Tilt

Terry Confer banged a home run to lead the Lions Club to a 6-5 decision over the Davenporters in a Roundout Valley Babe Ruth League contest last night.

The winners used a big third inning to put them ahead and they then broke a tie when winning pitcher Jerry Howard drove a sacrifice fly to center in the sixth inning. The third inning surge was highlighted by Confer's home run. It came with the bases loaded.

## Cuban Knockout Stars at Garden

NEW YORK (AP)—Three undefeated Cuban fighters, with a combined record of 22 straight knockouts, display their touted kayo wallop in a mass invasion of Madison Square Garden tonight.

The three newcomers are headed by Florentino (Ox) Fernandez, a power-packing welterweight, who meets strong-jawed, never-stopped Stefan Red of Passaic, N.J., in the featured television 10-rounder.

The other two invaders are lightweight Douglas Vaillant and Carlos Hernandez. All three Cubans are 21 and tall. Fernandez is 5 feet 9 and the other two, 5 feet 10.

Vaillant (15-0-1, 12 Kos) meets 27-year-old Jimmy Grow (47-83, 33 Kos) of Lewiston, Idaho. Hernandez, a native of Venezuela, takes on Luke Easter (15-3-1, 9 Kos) of Pittsburgh. Hernandez has won all eight of his pro fights by knockouts. These two fights also are scheduled for 10 rounds.

Fernandez, built-necked and shouldered, is rated one of the best punchers to come out of the islands. He has won all 15 of his pro fights, 17 of them by kayos, and has stopped his last 14 opponents.

Red, stocky, 5-5, 25-year-old 147-pounder, provides a fine test for the Cuban. The German-reared Red has a 23-3-1 record, including 13 kayos.

Only the main event will be seen on television.

## Patterson, Johansson Differ in Training

By HUGH FULLERTON JR., Associated Press Sports Writer

GROSSINGER, N.Y. (AP)—If ever two heavyweights approached a championship fight with more divergent methods of training than Floyd Patterson and Ingemar Johansson, it must have been when Max Baer was bewildering boxing experts.

Johansson, the Swedish challenger who'll try to lift the world title from Patterson next Thursday night, winds up the hard work of training here today.

"I finished my roadwork today. I finish my boxing tomorrow," Johansson said Thursday after a 7-round session in the ring.

"After that I just walk and rest and soak up energy," Patterson, in his Chatham, N.J. camp, plans to keep right on working up to the day before the fight, even though his handlers think he is close to peak form right now.

The champion did no boxing Thursday but ran four miles as usual and later went for a walk with his sparring partners. He plans to box today, Saturday, Sunday and possibly Monday. And he'll continue road work until Wednesday.

**Relaxed Approach**

Johansson hasn't neglected boxing and road work, but his theory is that once he has achieved top condition, the relaxed approach will bring him up to the fight in better physical and mental condition.

"I feel myself getting stronger and stronger," he explained seriously. "I shadow box before a mirror and always see my good right hand hitting him and knocking him out. It happens again and again. It's very nice."

Ingemar's right hand—good or otherwise—has been the subject of considerable speculation during the training period. He has used it very seldom against his sparring partners. And there was a story going around that he still is troubled by hand injuries incurred in his amateur days. Johansson says that's sheer nonsense.

A 40 to 1 shot, Mighty Macdee, and a 30 to 1 shot, Success Major, scored photo-finish victories in divisions of the featured \$4,500 Alpha Delta Pace.

Mighty Macdee beat favored Mighty Edward by a nose and paid \$83.60. Less than a head behind Mighty Edward was Underbird.

Success Major won by a head over Tazwell and returned \$64.20. At Vernon Downs, Ned Bowder drove Adios Larry through mud to triumph in the featured 2-year-old pace. He finished the mile in 2:16 3-5, four lengths ahead of Hasty Leo, and paid \$2.40. The winner was purchased last fall by Mr. and Mrs. Morris Pievnick of South Orange, N. J., for \$21,500.

Mr. Midnight won the Class A and B Hop Trot at Batavia Downs in 2:06 3-5 for the mile. He paid \$3.80. Czar Spencer was second, Jet Averill, third.

## Casagrande, Former Ram Star, To Play With Braves Saturday

## Mayor Radel Set To Start Season With First Toss

Hoping for a little cooperation from the weatherman, Fred Davi's Kingston Braves will try again to start their New York-New Jersey Baseball League season Saturday at 8:30 p. m. as they meet the flashy Jersey City Cardinals in a Dietz Stadium encounter. Davi has added the services of Tom Casagrande, former Fordham University star and he will patrol the outfield against the visitors.

Mayor Edwin F. Radel will start the season by throwing out the first ball after brief ceremonies before the contest.

Lefty Bob Maines has been nominated by Manager North Fahey to hurl the opener. The classy Maines was a star hurler in the league last season and reports are that he can still throw with the best of them. Bob was one of the leaders in low earned run average in 1958 and but for a few base hits here and there could have had a more impressive record than a 2-3 mark he finished with.

Manager Fahey said the rest of his lineup will be the same one he used against Jersey City in the interrupted opener.

Wally Windholm will be behind the plate. The infield will have Lorin Beresnyak at first base; Hal Lewis at second; Eddie Zajac at third and John Giampolo at shortstop.

The outfield will consist of Sonny Thomas, Al Webb and Bill Behle.

Other league games scheduled for the weekend are Beacon at Saugerties and Stewart Air Force Base at Nyack on Sunday. Both those contests will start at 2:30 p. m.

## Grand Circuit Trotters Head For Historic Track on July 6

GOSHEN — There are champions in every sport and every sport has its pinnacle of success. In baseball, there are the major leagues. Golf has its National Open. Football sends its best teams to the bowl games.

In harness racing, when the Grand Circuit comes to a trotting track, the fans can expect the biggest moments in that sport. The Grand Circuit arrives at Historic Track in Goshen the week of July 6.

Historic was the first half mile track to join the "Roaring Grand." That was in 1911. To start the new era off with a real roar, a now immortal horse named Uhlund dropped the track record to 2:02 3/4. There's a monument to that feat just inside the main entrance to the grounds.

During the 1958 racing season, over \$3 million were awarded to winning drivers on the Grand Circuit. Over 12 million fans went to the harness races at 454 tracks. More than 25 percent of this mammoth number thrilled to Grand Circuit racing. This, despite the fact that only 19 of these 454 tracks were

members of the Grand Circuit.

**\$150,000 in Purse**

The fastest trotters and pacers make their records on the Grand Circuit. The big money waits for those who cross the finish line first on the Grand Circuit. Nearly \$150,000 goes to America's famous harness drivers during Historic week. The \$32,200 Titan Free-for-all trot on July 10, will be one of 1959's greatest races. Each of the entries have won a minimum of \$50,000 and most have broken 2:00.

Other top features of Historic week are previews of the rich 2 and 3 year old stakes scheduled at later Grand Circuit meets. Trotters going at 105 year old Historic will compete later in the \$130,000 Hambletonian and \$65,000 Kentucky Futurity. Pacers will see action in the \$70,000 Little Brown Jug.

When you pack all that action into one week, you've got a pretty good idea of what Grand Circuit week is like at Historic.

## Syracuse Is Favored To Win IRA Regatta

By JAMES KOCH

SYRACUSE, N. Y. (AP)—Syracuse's veteran varsity eight rates a heavy choice to end 38 years of frustration tomorrow and whip 10 top college crews for the Intercollegiate Rowing Assn. championship.

Cornell, seeking an unprecedented fifth straight IRA victory, and unbeaten Washington figure to give Syracuse its stiffest competition in the three-mile grind on Onondaga Lake. Navy, Penn, California and Wisconsin are capable of pulling an upset.

The rainy weather of the last few days was expected to end late today. Weather forecasters saw cloudy skies, with the possibility of some sunshine and light winds, for the race.

# 3 Target Dates for Third Major Loop

By JACK HAND

NEW YORK (AP) — Baseball's third major league has three target dates. In 1960 it hopes to line up its player talent. In 1961 it plans to start operation. By 1962 it thinks it can compete with the existing majors in some type of series.

"First things have to come first," said Bill Shea, chairman of Mayor Wagner's Baseball Committee and a prime factor in lining up the proposed new baseball league.

"The most important thing is to get organized. We expect to do that before July 15. We expect to be in operation by 1961. It is my idea that by 1962 we should be able to compete with the other leagues on an even basis."

## An Optimist

Shea, of course, is an incurable optimist. He spoke Thursday at a news conference called to announce the names of the three most important backers of the New York franchise.

One of those associated with the proposed New York team, Donald Grant, a member of the board of directors of the San Francisco Giants, disclosed that a nucleus of league cities already exists. He said they are screening other applicants.

However, all concerned refused to identify the other cities. Just how far the workers in other cities have gone is difficult to establish. Shea said they would be identifying themselves within a few weeks.

Toronto, Minneapolis-St. Paul, Houston, Fort Worth-Dallas and New York have been the cities most frequently mentioned in connection with the third league. Gerald Moore, chairman of the Minneapolis Major League Baseball Committee, said investors in prospective teams probably would be identified in 10 days.

## Dallas Interested

In Dallas, Stanley Melville, general manager of the Dallas club of the American Assn., said: "We are definitely interested in a major league franchise and have informed Mr. Shea that we are ready to meet at any time to discuss it."

The New York owners, disclosed by Shea, were listed in three groups, each of which would have a third interest. He said their interest is contingent upon the city's building a new ballpark on the old World's Fair site in Flushing Meadows. Mayor Wagner has said if a league is formed with responsible backing.

Mrs. Charles Payson, sister of John Hay Whitney, U.S. ambassador to Britain, heads one group with which Grant is connected. Mrs. Payson owns stock in the Giants which she would have to sell if the team becomes a reality.

Mrs. Dorothy Killam, often identified with efforts to buy the old Brooklyn Dodgers, before they moved to Los Angeles, heads another group.

Dwight Davis, whose father donated tennis' famous Davis Cup, is linked with George Walker, whose father founded golf's Walker Cup, in the third group.

In Pittsburgh, Branch Rickey, veteran baseball executive who now is chairman of the board of the Pittsburgh Pirates, said the third league is inevitable. He said there are "plenty of players to go around."

## Four Game Series Is Very Crucial For Both Clubs

By ED WILKS

Associated Press Sports Editor

Cleveland steamed into New York tonight for the first of four games with the Yankees in a week-end series that could jar the Indians out of the American League lead. It also could spill the Yankees off their comeback spurt from the cellar.

The Indians hold a 1½-game lead and are 3½ games ahead of the fifth place world champions. Cleveland has a 4½ season edge over the champs who have just gained a 4½ lead over Chicago's second place White Sox with a three-game sweep.

## Mickey Hitting

The Yankees, although winning four of their last six, still have pitching and fielding troubles. But their big guy, Mickey Mantle, is hitting the big home run again. The Mick, who clinched Wednesday's game with a three-run homer, ignored a taped ankle Thursday and belted a 10th-inning home run for a 5-4 victory over the White Sox.

Cleveland, resting its staff for the week-end series, pitched rookie Larry Locke at Boston, and the Red Sox ended the Indians' winning string at seven, 7-6. Detroit lost Al Kaline, blew a five-run lead, and dropped into a third place tie with Baltimore as the Orioles scored twice in the ninth for a 7-6 victory.

Harmon Killebrew regained the major league home run lead with his 23rd as Washington beat Kansas City 7-5, the A's fifth straight defeat.

## Vic Clinches It

Vic Wertz drove in three runs for the Red Sox, singling home the clincher in the eighth and tagging the loss on reliever Mike Garcia (0-5) in Boston's first success against Cleveland. Locke, 25, a right-hander just up from San Diego, broke a 2-all tie with a three-run homer in the fourth. But he allowed five runs and seven of Boston's 10 hits — including fifth-inning homers by Wertz and Jackie Jensen.

The Yankees and White Sox both blew two-run leads, Chicago won two unearned runs in the fifth against rookie Jim Bronstad, and New York with a two-run eighth that chased starter Bob Shaw.

## Kaline Hurt

Chico Carrasquel and Gus Triandos hit a pair of two-run homers in the eighth for the Orioles, and Chico then won it with a two-out, two-run single in the ninth. The Tigers lost Kaline when he was struck in the face by second baseman Billy Gardner's wide throw as he ran to first in the first inning. Kaline, No. 2 in the AL batting line behind teammate Harvey Kuenn, suffered a broken cheek bone and will be out from a week to 10 days.

Ernie Johnson (4-1) won it with

Pharmacists Pick  
Brooklyn Man as  
New President

SARANAC LAKE, N. Y. (AP) — Sinclair Lepaw of Brooklyn was elected president of the State Pharmaceutical Society Thursday.

He succeeds Raymond Klebes of Bolton Landing, who was named chairman of the executive committee.

Others elected were: Nicholas S. Dardano of Utica, first vice president; Irving T. Bromberg of The Bronx, second vice president; and Nicholas T. Cosilvoia of Mount Vernon, third vice president.

Nicholas S. Gesoalde of Great Neck was re-elected secretary and Edgar S. Bellis of Bronxville was re-elected treasurer.

The group's 81st annual convention, attended by 900 pharmacists and their wives, ended today.

State Mails Report  
Forms to Employers

Employers of New York State's estimated 5,500,000 wage-earning taxpayers will soon receive their quarterly withholding tax report forms.

State Tax Commissioner Joseph H. Murphy announced the report forms will go to approximately 465,000 employers throughout the state. He points out that because the withholding tax did not become effective until April 1, the state is in effect withholding 12 months taxes in nine months. Beginning in 1960, the tax for the year will be collected in four normal fiscal quarters.

The forms, and payment of withheld taxes, are due by July 1. Employers will have approximately a 40-day time cushion before the forms must be filed.

All banks in the state and district tax offices have been supplied with the new forms for the convenience of employers who need them.

## Heart Attack Fatal

CANASTOTA, N. Y. (AP) — Roger I. Fancher, who suffered a heart attack June 1 while helping search for a lost girl, died Thursday in a hospital.

Fancher, 51, of Canastota, had been hospitalized since he was stricken.

The girl, Patricia Graham, was found safe near Camden. She had been lost for nearly three days in the woods and swamps.
